## Canadian Youth to Be Automatically Called Up at 18½

### Mitchell Says "Bottom of Barrel" Nearly Reached in Drafting Older Men From Work

OTTAWA, May 4 (CP).—Labor Minister Mitchell said tonight in the Commons he thought that when all possible draftees had been taken from industry under examinations now in progress, future call-up requirements would be met by men reaching the age of 18 1-2 years.

The minister said figures showed that Canada had reached the point where she was pulling her fair weight in the war on a par with other nations.

"That's a condition the Opposition, the Government and the country should feel rightly proud of," he said.

His department had been conducting a check to see what men could be spared from industry, he continued, answering Howard Green (P.C., Vancouver South), who asked information on where the minister expected to obtain men to meet call-up requirements.

About 100,000 young men reached military age each year and the minister said he could guess that about 50,000 of these would be available for service in the forces.

Mr. Green said he thought only a small number could be called in the older age groups and he said he wondered if the Government proposed to call men into the service at 18 years rather than 18½.

Mr. Mitchell replied he could not tell what the future would bring. Men were called at 18 in the United States.

Men on postponement were being re-examined, especially those who had been examined medically by private doctors. Officials had been covering the country to check on the men receiving postponements for industry.

"But we are about at the bottom of the barrel," said the minister.

He could put 160,000 persons to work if they could be found and that indicated what had been done in providing men for the forces and industry.

"If I had 160,000 men out of work that would be a reflection on the Canadian people," he continued.

**MUST BE CAUTIOUS IN PUSHING PEOPLE AROUND**

In a democratic country like Canada, "we have to be more or less cautious in pushing people around."

Mr. Green said the minister should say what class of men on deferment would be called last, and Mr. Mitchell replied that food and equipment supplies could not be depleted without danger.

### Two New Landings in New Guinea Fighting

ALLIED HEADQUARTERS, New Guinea, May 5 (Friday) (AP).—Seeking to cut off Japanese coastal retreat routes, American invasion forces on Netherlands New Guinea made lightly-opposed amphibious landings a week ago at two points west of Hollandia, headquarters disclosed today.

One force landed at Torare Bay, which is between the two bays from which pincer forces swept to the capture of four Hollandia airdromes, beginning April 22.

The other force went ashore at Demta, a village 40 miles west of Hollandia village. Demta is 16 miles west of Tanahmecah, the westernmost of the two bays where the Dutch New Guinea invasion was launched.

## Eden Tells of British Stand

### Conference Delegates At Churchill Party

LONDON, May 4 (CP).—Political topics engaged the conference of Commonwealth Prime Ministers in the fourth day of their talks today, with Foreign Secretary Anthony Eden presenting Britain's stand on complex political war and postwar questions.

It is known that British Government policy on political phases of the war is not wholly settled and that Britain seeks the greatest possible conformity with the views of the Dominions as well as with those of the United States and Russia.

The delegates adjourned the talks briefly during the afternoon to attend a party given by Prime Minister Churchill at 10 Downing Street.

Major political subjects being taken up include the set-up for maintaining permanent peace after victory, the fate of Germany and Japan, reparations and punishment of war criminals.

Another important, and delicate, question is the share the small powers, such as the overseas Dominions, will have with the big four—Britain, the United States, Russia and China—in world control during the "cooling-off" period which will last until a permanent international security system is devised.

Suggestions from Prime Minister Mackenzie King, of Canada, and other overseas premiers for modifications in the line Britain proposes to take on these questions will be welcomed but it has been stated the discussions will in no way commit the Dominions to any coming Empire policy.

In future international conferences the various Dominions will be represented by their own delegations and will pursue their own policies.

## From Europe Day by Day—

THE TIMES, London

*News and Comment on International Events selected from The Times Daily and published in The Daily Colonist by special arrangement with The Vancouver Daily Province.*

(Copyright 1944, by Southam Co.)

LONDON, May 4.—The Japanese threat to Imphal, the Allied base on the Burma front, is receding, and the military situation continues to improve, says The Times' Delhi correspondent.

The enemy has altogether failed in an attempt to cut off the Allies from their bases in India and he is now in danger from Chindit columns' wrecking activities.

It is now a race against the arrival of the monsoon weather. How far the Allies can drive the Japanese southward before the rains remains to be seen.

The largest operations are those in Manipur state, where the invaders tried to neutralize India as a base for an overland offensive against Burma by attacking the railway, road and river communications in Assam.

After some initial successes, the enemy is now being pushed back and, in the Kohima area especially, the situation is regarded as quite secure.

It is not yet certain, however, whether the Japanese will abandon their campaign against Imphal.

In New Guinea, Australians from Madang and United States troops from Aitape have closed in further on the Japanese, cut off there by sea.

Allied operations steadily whittle away the enemy's strength, especially in the air. The Wewak area is kept under constant air attack.

A new air record has been made by Britain's wonder airplane, the Mosquito.

In intruder attacks in which they were employed, one Canadian crew destroyed four Focke-Wulfe 190's over Germany. A Canadian pilot shot down another enemy machine.

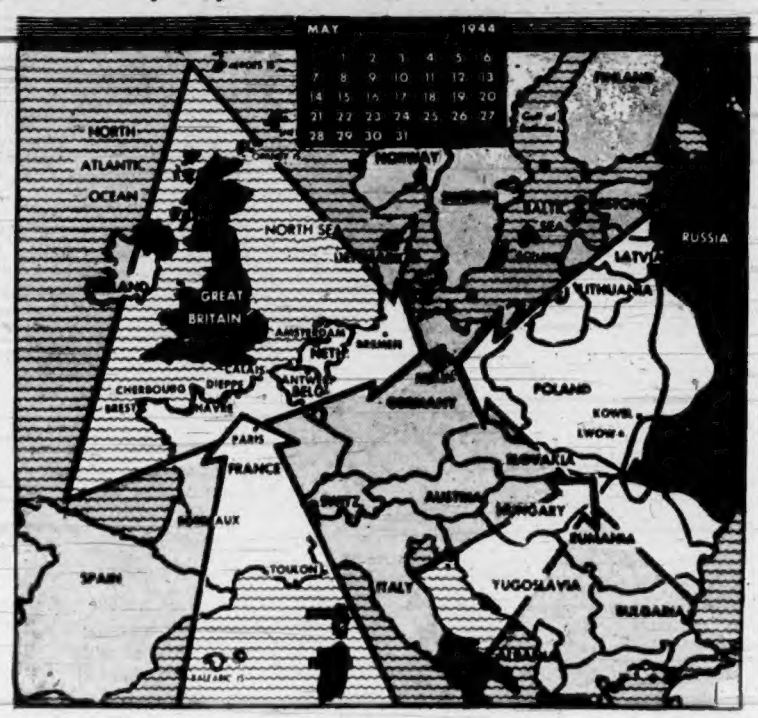
## Fateful May Days Hold Invasion Secret



METEOROLOGICALLY the most favorable conditions for invasion are at hand. Around the world the fateful prediction has been passed! "Sometime in May!" Those who watch the tides, the moon and the weather forecast: "May 1 to May 3." War correspondents pooled their wisdom and voted: "May 6 to May 9 will find conditions perfect." Others say May 17 "has everything you'd want." Well, here is a calendar and a map showing various directions mentioned for the terrific Allied assaults. See if you can guess. From the east and the west, the major drives are expected to be launched simultaneously. From the south the thrust may spread from the south coast of France to Yugoslavia. Russia, it is reported, will head straight for Berlin across Poland, and the Channel coast thrust may swing from Norway and Denmark to Calais or Dieppe, or Cherbourg, or Bordeaux.

### Agree Allies Must Take Over Berlin

**LONDON, May 5 (Friday) (CP-Reuter's). — Wilson Broadbent, political correspondent of The Daily Mail, reported today that the leaders of the British Commonwealth, now in conference here, have agreed that Berlin must be occupied by Allied troops.**

**The correspondent said Allied plans for the rehabilitation of Europe now are being examined.**

### Ban People From Zeeland Province

LONDON, May 4 (AP).—The entire North Sea province of Zeeland in Nazi-occupied Holland today was declared "forbidden territory" and its remaining few Dutch inhabitants were barred from its highways and waterways without specific permission from German authorities, according to The Netherlands Agency Aneta.

The islands and mainlands of Zeeland, southernmost of Holland's North Sea coastal provinces, guard the entrance to the strategic Scheldt River. The Germans long ago flooded much of the province and moved thousands of its Dutch residents to other areas.

Aneta said the province is "considered one of the principal headaches in the German anti-invasion problems."

With the day of the invasion drawing nearer Propaganda Minister Goebbels sought to calm the jitters of the Germans with the promise of "trump cards up our sleeves" to be used when the Allies strike.

"There exist innumerable defence measures and weapons so far unknown," Goebbels wrote in an article in this week's edition of the German magazine Das Reich, broadcast over the German radio.

## *Believe Russians Nearly Ready for Great Assault*

LONDON, May 4 (CP).—A savage night attack by Russian bombers on the German-Romanian garrison jammed into surrounded Sevastopol was announced tonight by a Soviet communique which said bombing and strafing silenced many enemy batteries, started at least ten large fires and caused many explosions.

Soviet troops have ringed about the Crimean port for two weeks but have held off from a frontal assault, apparently to conserve manpower.

The blows by Soviet planes, all of which were listed as returning to base, might mean that the infantry was nearly ready to plunge in for the kill against the thousands of the enemy garrison.

No essential changes on the long land fronts were reported by the communique, broadcast from Moscow.

Red Star, official army newspaper, reported numerous Russian units had penetrated deep into the foothills of the Carpathian Mountains and begun sharp attacks through the forests against separate enemy positions, since the front there does not consist of a continuous trench-line. The exact location was not given.

### 400 B.C. Workers to Be Sent to Edmonton

VANCOUVER, May 4 (CP).—British Columbia must send 400 workers to Edmonton to relieve the manpower shortage in meat packing plants there, Selective Service officials said today.

Edmonton meat packing plants have been given top labor priority in Western Canada, outranking all war industry, because vital overseas shipments of pork and beef are being held up by the present labor shortage, William McKinstry, regional superintendent of Selective Service, said.

Towns throughout British Columbia are being combed for the necessary workers who will be provided with free transportation to Edmonton.

Already there are some 12,300 unfilled jobs in British Columbia.

### Vancouver Warm

VANCOUVER, May 4 (CP).—Vancouver thermometers climbed to 71 degrees yesterday as the city experienced its hottest day this year.

**SUFFER BURNS**

VANCOUVER, May 4 (CP).—Mr. and Mrs. Joseph Groll and their two children, John, 24, and Marie, 19, all suffered burns tonight when their home here caught fire, and Mrs. Groll was seriously injured when she leaped 30 feet from an upstairs window. The daughter and son were rescued from the burning second story of the house by firemen. Cause of the fire was unknown.

### Cost-of-Living Index Advances

OTTAWA, May 4 (CP).—The Dominion Bureau of Statistics reported today its official cost-of-living index, calculated on the basis that 1935-39 equals 100, advanced from 119.0 in March 1 to 119.1 at April 1 for a wartime increase of 18.2 per cent.

Fluctuations of the index are not reflected in wages as cost-of-living bonus have been merged with basic wage rates, though the price and wage control programme will be reviewed if the index increases more than 3 per cent and remains at that level for two consecutive months.

Seasonal price increases for vegetables and oranges were mainly responsible for a rise in the food index from 131.1 to 131.5, despite minor declines for eggs, lard and meats. The clothing index gained fractionally, 121.3 to 121.4, while other group indexes remained unchanged as follows: Rents, 111.9; fuel and light, 113; home furnishings and services, 118.4, and miscellaneous items, 109.

### *Gandhi Unchanged*

BOMBAY, May 4 (CP).—A Government announcement said today that there had been "no material change" in the condition of Mohandas K. Gandhi suffering from an attack of fever. Anxiety was expressed for the 75-year-old Indian leader on April 28 when his physical condition was described as weak.

### *Senate Adjourns*

OTTAWA, May 4 (CP).—The Senate today adjourned until May 29. Provision, however, was made for members to reassemble within 24 hours if an emergency occurred in the meantime.

**CONDEMNED TO DEATH**

LONDON, May 4 (CP).—A Berlin broadcast D.N.B. dispatch said tonight that ten leaders of the French resistance movement were condemned to death today by a military tribunal at Annecy, France, as reprisal for the shooting of Col. Pierre Cristofini in Algiers Wednesday. Five were executed immediately the account said.

### *Answer His Appeal*

When a Victory Loan salesman asks you to buy a bond, think of him as a direct representative of a fighting Canadian serviceman. If a soldier in Italy, a sailor on the Atlantic or an airman in Great Britain called you by long-distance telephone and asked you to buy an extra bond just so he would not go short of anything he needed, you would not hesitate. You would answer his appeal willingly and quickly. Think of the loan salesman this way. He speaks in the name of the serviceman overseas, who cannot call in person at your door. Answer the appeal of the Sixth Victory Loan without reservation. Buy an extra bond today. If we all do this, our men overseas will not go short but instead will go forward heartened by the knowledge that his home folks are behind him to the hilt.

## Mayor Claims Building Rules Cause of Housing Shortage

Charging that delay in obtaining building licences from Ottawa had greatly aggravated the serious housing shortage in Victoria and district, Mayor Andrew McGavin last night dispatched a telegram to Hon. J. A. Ralston, Acting Prime Minister Ottawa, outlining the situation here and asking for immediate action.

In his telegram the Mayor objected to the time wasted in getting licences for building homes, and added that present conditions would never have arisen but for the complicated requirements and unnecessary restrictions, which caused delay of six weeks or more before contractors could commence operations.

The Mayor said he wished to register a protest against the regulations which, he felt, should be cancelled immediately, and advocated that, if necessary, local officials be authorized to approve plans. He added that local officials were conversant with all conditions pertaining to labor and requirements, and should have been consulted regarding regulations from the outset.

In closing, the Mayor stated that he could not understand the discrimination between Wartime Housing, Limited, National Housing and privately built homes, and urged the Acting Premier to expedite matters as conditions in Victoria were causing grave concern and demanded improvement.

**SENDS COPY OF WIRE TO LOCAL MEMBER**

Mayor McGavin also announced he sent a copy of the telegram to R. W. Maslinck, Federal member for Victoria, with this addition: "Please do all you can to support this protest and get speedier action."

Earlier in the day members of the City Council housing committee met Mrs. W. E. Rayfuse, director of National Housing Registry, and F. E. Winslow, representing the Dependents' Board of Trustees, the Citizens' Rehabilitation Committee and the Wartime Housing Limited, and discussed means for providing temporary housing accommodation for 200 families this month.

It was announced following the meeting that the city would conduct a survey to ascertain if any houses were unoccupied, and would also study its responsibility in providing housing for citizens.

City officials also made plans to have vacant lots listed, in case the Federal Government decided to erect temporary houses to immediately meet the situation.

## Allied Planes Over Germany Again at Night After Smash By Day on Key War Targets

### Centre Blows Against Enemy's Defences and Bases of Supply

LONDON, May 5 (Friday) (AP).—Large formations of Allied raiders headed out across Dover Strait shortly after daybreak today to maintain the non-stop aerial offensive against fortress Europe.

The Luxembourg radio sounded a warning early today telling of the approach of Allied aircraft over Germany.

LONDON, May 4 (AP).—Allied bombers of all types struck today at key Nazi military targets in France and The Netherlands following up massive blows delivered from British and Italian bases by R.A.F. heavyweights Wednesday night.

The night and day operations were carried out by 1,750 bombers which dropped 6,000 tons of explosives on Hitler's Europe.

The R.A.F. sent out a fleet of 750 heavy aircraft in a series of moonlight raids on France and Ludwigshafen, Germany, losing 49, and Mediterranean R.A.F. forces staged their first night attack on Bucharest.

The Canadian bomber group remained grounded but many Canadians flew with R.A.F. planes in both darkness and daylight operations from Britain.

R.A.F. Mitchells, including Canadian flyers, and American medium and light bombers struck a wide variety of supply depots and military installations in Northern France by daylight and American long-range fighters conducted an offensive sweep over Brunswick, Germany.

R.C.A.F. fighter-bombers late in the day attacked targets in the Abbeville-Amiens area of Northern France.

About 250 American heavy bombers returned safely from an attack on a Netherlands airdrome. Fighter escorts lost three planes and downed nine Nazis, while the fighters over Germany shot down the only plane sighted.

After darkness fell enemy radios sounded warnings of new attacks. The Budapest radio went off the air with an air raid warning, indicating fresh activity by Mediterranean-based planes. Several German stations reported enemy raiders were approaching Germany.

### Japanese Troops in India Thrown Back

KANDY, Ceylon, May 4 (AP).—Attacking Japanese troops have been thrown back with casualties both in Northern Burma and near the Allied base of Kohima in India, it was announced today in a brief communique from Admiral Lord Louis Mountbatten's headquarters.

The bulletin said there had been no important change in the fighting around Imphal, 60 miles south of Kohima, and dispatches indicated the Imphal fighting was going steadily in favor of counter-attacking Allied troops. The highway between Imphal and Kohima, however, still was blocked by the Japanese.

Fluid fighting was reported in the mountainous Kohima area. The Japanese for several weeks have held Kohima village—the native quarter—while Allied troops hold strong positions surrounding Kohima town.

## Japs' Chief of Combined Fleet Dead in Battle

**NEW YORK, May 5 (Friday) (AP).—Admiral Mineichi Koga, commander-in-chief of the Japanese combined fleet, has been killed in action, the Tokio radio announced today in a broadcast recorded by United States Government monitors.**

The broadcast quoted an Imperial headquarters communique as saying that Koga had "died at his post in March of this year while directing general operations from an airplane at the front." No further details were given.

Admiral Someu Toyoda, commander of the Yokosuka naval base, has been named to succeed Koga and "already is in command of the combined fleet," Tokio said.

The broadcast added that Admiral Zengo Yoshida, who previously had been in command of the Japanese fleet in Chinese waters, had been appointed commander of the Yokosuka naval station.

### *Outskirts of Rome Bombed, Nazis Say*

LONDON, May 5 (Friday) (CP).—The Berlin radio claimed today that several waves of American bombers attacked the outskirts of Rome yesterday.

The city had five alerts—one lasting two hours, said the broadcast.

There was no immediate confirmation from Allied authorities, but railways in the Rome area frequently have been the targets of Allied raiders.

### *Deputy Minister at Ottawa to Resign*

OTTAWA, May 4 (CP).—S. L. de Carteret, deputy minister of defence for air for more than three years, has resigned, effective May 14, it was announced tonight by Air Minister Power. Herbert F. Gordon, assistant deputy minister since 1941, has been promoted deputy minister.

Mr. de Carteret had been on loan to the department since February, 1941, from his post of vice-president and general manager Canadian International Paper Company, said Mr. Power. He had served without remuneration. He will return to his former post with the paper company.

### More Job Transfer Orders to Be Issued

OTTAWA, May 4 (CP).—More compulsory labor transfer orders can be expected in the future, Labor Minister Mitchell said tonight in the Commons.

Mr. Mitchell did not indicate whether any of the orders, which provide for the shift of workers from non-essential industry to essential industry, would be issued soon. He was replying to questions of Howard Green (P.C., Vancouver South), who asked if the Government planned to issue orders similar to the seven compulsory labor transfer orders which already have been issued.

Mr. Mitchell said he could not say what industries would be affected by the forthcoming orders.

## Speed Wilby Aboard Boat

### Detectives Evade Additional Writ

Ralph M. Wilby, alias Douglas Alexander Hume, left Victoria in custody of New York detectives yesterday afternoon on the Seattle boat, en route to New York to face 17 grand larceny charges involving $275,984.

The detectives rushed him aboard the boat immediately after habeas corpus proceedings before Chief Justice Farris were dismissed, and before a preliminary order for additional habeas corpus proceedings could be served, and kept him out of sight until the boat had sailed.

Wilby, arrested by Victoria detectives on New York warrants, was committed for extradition on April 11 by Judge H. H. Shandley in County Court. The extradition order had to come from Ottawa. Wilby had 15 days under the law in which to launch habeas corpus proceedings, in effect an appeal of the extradition order. He retained Gordon Wismer, K.C., of Vancouver, and W. H. M. Haldane, local barrister.

Claude L. Harrison, city prosecutor, was retained by the district attorney of New York.

Argument on the habeas corpus was heard yesterday by Chief Justice Farris, who dismissed Wilby's "ap-

### *Grapefruit Juice for Vancouver's Stores*

VANCOUVER, May 4 (CP).—First canned grapefruit juice in more than two years arrived here today and will be put in the hands of retailers shortly. Officials said there will be no rationing or other restrictions on its purchase. The cans are 48-ounce tins.

## Railways Assert Wage Boost Would Cost Up to $100,000,000

OTTAWA, May 4 (CP).—Railway representatives today told the National War Labor Board that wage increases sought by 17 railway brotherhoods would cost between $84,000,000 and $100,000,000 a year and would have a disastrous effect on Canada's anti-inflation policy.

Earlier the board heard the main presentation from the brotherhoods which, speaking on behalf of 100,000 Canadian railway workers, asked that wage rates for members of the running trades, including engineers, firemen and conductors, be brought up to the level paid on Eastern United States lines and that other workers be given an increase of 23 cents an hour.

The brotherhoods said Canadian railway workers had received no general wage increase in 15 years and the present disparity between Canadian and United States rates was a departure from a long established practice of parity and constituted "discrimination" against Canadian railwaymen.

Mr. Justice M. B. Archibald, chairman of the board, is hearing the application with Leon Lalande and John A. Bell, board members. The chairman announced at the conclusion of today's hearing that it was hoped to complete the case this week.

**LIVING COSTS SAME AS IN 1927**

Living costs in the two countries provided no basis for a disparity in wages, the brotherhoods' brief said. In 1927 railway workers were receiving almost exactly the same wages. The cost of living in the United States now was 1.8 per cent lower than 1927, while the Canadian index was at exactly the 1927 level, an indication that the Canadian rates should be fractionally higher than those paid in the United States.

Since 1927 wage rates of metal trades workers had increased 28 per cent, electric railway employees 32 per cent, and common factory labor 34 per cent, compared with an increase of 17 per cent for steam railway employees—due almost entirely to the cost-of-living bonus.

## Victoria Now Over Halfway To Objective

Greater Victoria and the whole Vancouver Island Division went over the halfway mark yesterday in the Sixth Victory Loan campaign. Greater Victoria subscribed over $250,000 and raised its percentage from 48 to 52.1.

Over the whole Island more than $400,000 was recorded, leaving $4,352,200 to be subscribed before the campaign closes at the end of next week. To reach its objective, Victoria must subscribe $2,730,000 within the next eight days.

Latest standing is:

| | Objective | To date | % |
|---|---|---|---|
| Greater Victoria | $5,700,000 | $2,969,808 | 52.1 |
| Lower V.I. and Gulf Islands | 750,000 | 430,900 | 58.1 |
| Cowichan-Duncan | 735,000 | 336,150 | 46.4 |
| Courtenay-Comox | 550,000 | 223,450 | 44.7 |
| Nanaimo | 600,000 | 284,850 | 47.5 |
| Alberni | 245,000 | 107,450 | 47.4 |
| Ladysmith | 140,000 | 161,000 | 115 |
| Totals | $8,000,000 | $4,843,808 | 51.8 |

Apart from the general canvass, the Sixth Loan is being supported by a number of large subscribers, among whom the municipal authorities are setting the lead with their support. The City of Victoria yesterday sent a cheque to headquarters amounting to $54,000; the Municipality of Oak Bay has invested $50,000; the District of Saanich $20,000, and the Township of Esquimalt $10,000.

The City of Nanaimo, with a subscription of $20,000, was the first municipality on the Island to take advantage of the new loan. Another large subscription recorded yesterday was that of W. & J. Wilson for $20,000.

### *Striking Bakers of Dundee to Return*

DUNDEE, May 4 (CP).—Striking bakers of Dundee agreed today to return to work Monday, pending negotiation of their dispute with bakery managers over working hours.

One of the three Dundee bakeries affected by the walkout, which began last Monday, was taken over yesterday by army breadmakers, preventing a bread shortage in the city.

**RUSSIAN WAR LOAN**

MOSCOW, May 4 (AP).—The Soviet Government today issued its third war loan offering of 25,000,000,000 rubles in bonds and lottery tickets, more than doubling the amount sought in its last loan drive. The nominal value of the ruble is 19 cents but accurate conversion into Canadian money figures is impossible because of the lack of an open market.

Names of 16 Greater Victoria and Island men are on the navy's official list of missing following the sinking of H.M.C.S. Athabaskan in the English Channel Saturday.

The four additional men whose names were not previously reported were:

Lieutenant-Commander John Hamilton Stubbs.
Chief Petty Officer Raymond Bruce Stenning.
Stoker Petty Officer Douglas Thomas Landless.
Leading Seaman John Robert Kobes.

(Complete list on page five)

Petty Officer Landless' home is at Port Alberni, where his wife now lives.

In the official list, Lieutenant-Commander Stubbs' residence is given at St. John's, Nfld., but he was formerly of Kaslo and Victoria.

Chief Petty Officer Stenning, a cook, is the brother of C. G. Stenning, 2929 Cook Street. The missing man, who enlisted early in the war, was a cook at Esquimalt for a lengthy period and then went overseas and was stationed for a time in Scotland, and as a cook.

He was posted to the Athabaskan two months ago, and was made a chief petty officer shortly after.

Chief Petty Officer Stenning, aged 25, was single and made his home with his brother in Victoria.

Word that Leading Seaman Kobes was missing was received by his wife, the former Joyce Wardell, at 605 Alpha Street. His parents live in Vancouver.

Joining the navy seven years ago, at the age of 17, he trained at Esquimalt and served on H.M.C.S. Restigouche, H.M.C.S. Prince Henry and H.M.S. Verity before being transferred to the Athabaskan at the time of her commissioning.

Chief Engine Room Artificer Ernest Mills, 27, one of the missing, is the son of Mrs. Ivy Mills, 1106 Balmoral Road, and the late John Mills. His wife and three children live at 630 McRae Avenue.

A brother, Chief E.R.A. Leslie Mills, 25, is also with the Canadian Navy, and another brother, Jack, was lost when H.M.S. Hood was sunk in 1941.

**PEOPLE IS SURVIVOR**

Stoker Petty Officer Claude Alexander (Alec) Mancor, R.C.N., Esquimalt-trained seaman, is among survivors, according to word received by his aunt, Mrs. Jennie West, and his cousin, J. F. West, 1611 Pembroke Street. He frequently stayed with them while training here.

Petty Officer Mancor joined the navy in 1937. He has been on convoy duty aboard several ships, first going overseas on the mine sweeper Comox when she was commissioned.

Born in Edinburgh 25 years ago, he lived in Vancouver from the age of seven. His father, an army sergeant, is at Prince Rupert; a sister, Margaret, is an ambulance driver; another, Kathleen, is in the C.W.A.C.; a brother, Bruce, is aboard H.M.C.S. Algonquin, and another brother, Jack, is with the army at Calgary. His wife is at Edmonton.

# R.A.F. Heavy Bombers From Mediterranean Raid Bucharest

ALLIED HEADQUARTERS, Naples, May 4 (AP).—R.A.F. heavy bombers hammered Bucharest last night, striking prime communication targets in the Romanian capital, while aground in Italy the Germans were reported making large-scale movements on the Adriatic and central sectors.

[illegible] assault by the British-American air arm on Bucharest, and left workshops and freight cars afire, Allied headquarters said. The Balkan city has been hit repeatedly in the last month by daylight.

At the same time the Canadian troop newspaper "Maple Leaf" declared in an editorial that "the well-known General 'Lull' is in command on all European fronts" but added that "from the trend of reports it is not difficult to figure that 'Lull' is due to be relieved of his command and the impressive and well-known General 'Hell' is going to take over and bust things wide open."

The editorial refrained, however, from mentioning any specific front and any reference to possible Allied action anywhere.

The Allied command said the Germans made considerable movement both on the Adriatic sector and the Cassino front yesterday, and a small-scale Nazi attack was [illegible] Indian troops of the Eighth Army on the east coast front.

The new enemy dispositions followed upon reports by the Nazi-controlled Rome radio that the Allies were making preparations on an unusual scale in apparent prelude to new assaults, and the prediction by the Naples newspaper Il Corriere that there was "feverish activity in Italy for major operations. Despite routine censorship restrictions banning speculations on future operations, the newspaper also predicted new attacks would be made in Italy coincident with western invasion and renewed Russian offensives.

# Murchie Named Chief of Staff

OTTAWA, May 4 (CP).—Maj.-Gen. J. C. Murchie, C.B.E., 48, of Ottawa, vice-chief of the Canadian general staff, has been appointed chief of staff, with the rank of acting lieutenant-general, Defence Minister Ralston announced today.

Lt.-Gen. Murchie succeeds Lt.-Gen. Kenneth Stuart, 52, of Kingston, Ont., who will concentrate on his recent appointment as chief of staff at Canadian Military Headquarters in London.

The defence headquarters announcement did not elaborate but a military spokesman said the appointment meant a division of authority with Gen. Murchie responsible for forces in North America and Gen. Stuart responsible for forces overseas.

Lt.-Gen. H. D. G. Crerar, 56, Hamilton, is commander of the First Canadian Army and will lead this army in the invasion. It is made up of a Canadian Corps—believed to be in command of Lt.-Gen. Guy Simonds, 40, Kingston, Ont.—and possibly British formations.

Canada's other overseas force is the Canadian Corps under Lt.-Gen. E. L. M. Burns, 46, of Ottawa, now fighting in Italy.

OTTAWA, May 4 (CP). — Justice Minister St. Laurent announced today appointment of Mark R. MacGuigan, K.C., of Charlottetown, former Attorney-General for Prince Edward Island, as a justice of the Supreme Court of Prince Edward Island, succeeding Mr. Justice Albert C. Saunders.

## Vancouver May Also Use Camps

VANCOUVER, May 4 (CP).—Military authorities announced today they are prepared to assist in relieving Vancouver's housing shortage by providing two army camps and building tent camps if a request comes from civic officials.

Maj.-Gen. G. R. Pearkes, General Officer Commanding in Chief, Pacific Command, was scheduled to confer today with senior officers to lay plans for filling any such request.

Mayor J. W. Cornett declined comment on the proposal until he has a chance to confer with Gen. Pearkes.

Two camps available for civilian use are at Point Grey and Sea Island.

Miss Millicent Fleming, Vancouver manager of the National Housing Registry, said more than 700 families in the city need accommodation. Of these, 552 are families of servicemen. About 300 families received notice to vacate May 1.

A military spokesman said authority has been granted to provide hutment camps wherever available to house servicemen's families and civilians in distress due to the housing shortage. Authority also has been granted to build tent camps, provide sanitary arrangements, cooking facilities, rations and transportation of household effects to designated camp areas.

Requests for all such services must come from municipal officials.

## *D.S.O. Award for Haida Commander*

LONDON, May 4 (CP).—Immediate award of the D.S.O. for Cmdr. H. G. de Wolf, of Halifax, who led a destroyer force which sank one German destroyer and forced the beaching of another in English Channel actions last week, was announced today.

The citation said Cmdr. de Wolf, who directed from the bridge of H.M.C.S. Haida during the flaming battles received the award "for gallantry and leadership as senior officer."

The Haida joined with her sister Canadian Tribal class destroyers Huron and Athabascan, the Royal Navy destroyer Ashanti and the new British cruiser Black Prince in the destruction of a German destroyer last Wednesday. One of the new Elbing class, the German ship was sunk at the western end of the English Channel.

## *Reserve Decision*

VANCOUVER, May 4 (CP).—Judgment was reserved in Supreme Court here today in the suit of Mrs. Amanda Pearl Yule, 22, for $15,000 damages for the loss of her upper teeth which allegedly were extracted in Penticton Hospital while she was under anaesthetic for a tonsillectomy.

Mrs. Yule is suing Dr. J. Robert Parmley, surgeon, and Dr. T. Fred Parmley, his dentist brother, both of Penticton.

Mrs. Yule had consented to the extraction of two back upper teeth, to be removed while she was under ether for the removal of her tonsils.

The surgeon engaged his dentist brother to make the extractions and the dentist allegedly removed all Mrs. Yule's upper teeth and one lower tooth without her permission.

## British Columbia Man in Italy

Back from successful patrol in Italy, in which they and companions of joint Canadian-American operation captured a number of German prisoners without suffering a scratch, Sergt. William Pratt, of Wee, Calif., left, and Sergt. Dennis George, of Nelson, B.C., wash out their clothes in a cut-down oil drum.

## *Reserves Judgment On Libel Charges*

VERNON, B.C., May 4 (CP).—Judgment was reserved until the end of the Spring Assizes here when John Makartoff, Doukhobor of Grand Forks, B.C., pleaded guilty to five charges of defamatory libel.

Charges were laid in connection with letters Makartoff admits having written to Mr. Justice A. Manson, chairman of the British Columbia National Mobilization Board, and G. Pennock, Divisional Selective Service Registrar, in which he charged that Mr. Justice Manson and Mr. Pennock had given deferment from military call-up to George W. Chapley, of Grand Forks, following payment of $50 to each of the officials.

Makartoff said the charges were false and expressed regret at having written the letters. The accused claims adherence to the orthodox branch of the Doukhobor sect.

## Soldier Escapes

A sergeant who had been absent from army service for over four months, arrested by Canadian Provost Corps police on Wednesday, escaped from Bay Street Armoury yesterday, city police were informed.

## Lumber Industry Has Big Future

"The Lumber Industry of British Columbia, Past, Present and Future," was the topic of an address given to Rotary Club members at a luncheon yesterday at the Empress Hotel by P. A. E. Manning, president of Manning Lumber Co., and of the British Columbia Lumber and Shingle Manufacturing Association. Introduced by Herbert Pendray, the speaker was thanked by G. Hamilton Harman. J. Little was chairman.

Established in 1861, the speaker related, "the forest industries are now responsible for a very large part of our spending power in British Columbia; it is now estimated at about 43 cents in every dollar." For 20 years prior to 1932 principal markets for Coast lumber were located on this continent, Canada taking about 35 per cent, United States, 45 per cent, and overseas markets a slim 20 per cent, but prohibitive tariffs and United States duties have changed the figures to approximately: overseas, 70 per cent; Canada, 25 per cent, and the United States, 5 per cent. Export of Douglas fir, Pacific Coast hemlock and red cedar to Empire destinations developed from 637,000,000 board feet in 1935 to 1,228,000,000 board feet in 1939," he stated.

Wartime building was recorded, and Mr. Manning said the big job today was the crating of supplies. Industries allied to war effort created huge demands for lumber, Said the speaker: "Not only is the demand from all quarters beyond anything before experienced, but also unprecedented is the situation with respect to world supplies. When the war is over and we can once again concentrate on the development of our product, a much greater emphasis will be placed on fuller utilization of the tree, and in this respect the industry is also enthusiastically behind the proposed extension of research facilities in Vancouver."

## Mexico's Siesta Will Be Banned

MEXICO CITY, May 4 (AP).—The siesta in Mexico will fall victim to the war on June 1 under the terms of a Presidential decree.

No more will stores pull down their steel shutters for three or four hours while clerks go home to eat.

The Foreign Office's hours—now 10 to 1 and 5 to 9—will be changed to a continuous work day beginning at 8 a.m. Only enterprises now having two or three shifts will be exempt from the change.

The preface to Manuel Avila Camacho's Presidential decree pointed out that nearly everybody who went home to eat took four bus trips a day instead of two. This was termed wearing out buses, difficult to replace, and tires, scarce and expensive.

The decree also said elimination of late afternoon work hours would result in a saving of electricity, scarce here because of a drought last year which emptied hydro-electric reservoirs. In addition, the "continuous hours" of work will give the average man more time for sports and to spend at home.

# Expect Ten-Day Bond Total Will Be Over $700,000,000

OTTAWA, May 4 (CP)—The National War Finance Committee estimated tonight that inclusion of returns from the tenth day of canvassing in Canada's Sixth Victory Loan will see subscriptions set a mark of more than $700,000,000. Objective is $1,200,000,000.

Loan headquarters said total subscriptions reported up until this morning—with half the canvassing time elapsed—amounted to $641,868,800 as compared with approximately $643,000,000 at the same stage of the Fifth Victory Loan.

Of the total announced today, $259,882,850 has come from individual Canadians, who must purchase another $344,000,000 in bonds to equal the total they subscribed in the Fifth Victory Loan.

Leading the list of large buyers was the Canadian Pacific Railway, which purchased $17,500,000, it was announced today.

At Montreal it was announced that employees of the C.N.R. and its subsidiary companies, Trans-Canada Air Lines and National Railways Munitions, had bought an average of slightly more than $665,000 every day during the first nine days of the campaign. At the halfway mark, figures showed a total of 63,372 applications with a value of $6,143,800. This is an increase of 6.3 per cent in the number of purchasers and 5.4 per cent in the value of purchases at the same stage of the last loan.

**REGINA LEADS C.P.R. BOND SALE CONTEST**

Regina reported that 63.6 of C.P.R. employees in Saskatchewan have subscribed $300,900, or 82.2 per cent of quota. Regina is leading in a C.P.R. divisional contest, with 74 per cent of its employees already having subscribed.

The latest list of large purchasers included Monarch Life Assurance Company, Winnipeg, $1,000,000; Sovereign Life Assurance Company of Canada, Winnipeg, $750,000; Lake of the Woods Milling Company, Ltd., $750,000.

In general, canvass and payroll savings, the Province of Saskatchewan has achieved $13,413,000 or 67 per cent of its $20,150,000 objective subscribed by 50,000 buyers. Special names' sales to date total $4,550,250. The Assiniboia unit is still leading, with 1,948 applicants making purchases totaling $720,200 or 138 per cent of its $508,400 objective.

The Royal Canadian Navy announced a $3,967,550 total, compared with a $3,500,000 objective. At the end of the ninth day army troops at home and overseas had purchased a total of $19,232,350, for 140 per cent of a $13,750,000 objective.

Forces in the United Kingdom and in the Mediterranean area, including Italy, contributed $9,270,100, a figure far ahead of the overseas record in the last loan.

Handling their own campaign for the first time, Canadian Women's Army Corps girls in the United Kingdom proved they are investing just as heavily as their sisters in Canada. Under the chairmanship of Lieut. Helen Stewart, of Edmonton, they bought $17,000 on an objective of $8,000.

The R.C.A.F. halfway total was $12,138,500 for 115 per cent of a $10,500,000 objective.

# The War Today

By KIRKE L. SIMPSON

A.P. War Analyst

Allied preparations in Britain for invasion of the Continent have so obviously reached an advanced stage, that the preliminary feints and false starts foretold by Prime Minister Churchill weeks ago are in order at any time. It does not necessarily follow, however, that they will come in the Western theatre itself.

Nazi reports of a quickening of Allied behind-the-line activities in Italy sound plausible for that reason.

Even if no real effort to break through to Rome, strike in force across the Adriatic into the Balkan Peninsula, or to threaten the south coast of France were included in the overall concept of Allied strategy at this critical moment, it is understandable that every device to keep the Germans pinned to their south front defences would be employed. A primary strategic objective of the Allied campaign on the Italian "boot" itself was to take enemy weight off both the Russians in the east and off the invasion coast in the west.

Official Allied estimates place 50 German divisions in Italy and the Balkans, most of them withdrawn from Russia. That is precisely the figure used by Moscow commentators many months ago in urging immediate second front attack. Given that help, they contended, Russian armies could roll up the German front in Russia.

The Russians have more than made good that prediction. It is still urgently necessary that there be no relaxation in the Allied threat in the south, nevertheless.

## *Naval Officer Dies*

Skipper Lieutenant John D. McPhee, officer commanding H.M.C.S. Armentieres, died Wednesday at his home, 1221 Rockland Avenue.

Born in Prince Edward Island, he lived for many years in Vancouver before entering the navy four years ago.

Besides his wife he leaves to mourn his loss two brothers, Joseph, of Prince Edward Island, and Pius, of Vancouver; three sisters, Mrs. D. Duffy, New York, Mrs. J. L. Williams and Mrs. G. Rhind, both of Vancouver. The remains are resting at McCall Bros.' Funeral Chapel.

## *Businessman Dies*

NANAIMO, May 4—Andrew Thomas Wilson, native of Nanaimo and a veteran of the last war in the Royal Flying Corps and gunners' instructor in Canada and Texas, died today following a brief illness. He was well known in the Upper Island as a partner in the Scotch Bakery, a business established by his late father, Jerome Wilson, in the pioneer days of Nanaimo. He belonged to the Masonic Order, Fraternal Order of Eagles, and Nanaimo Yacht Club.

He is survived by his widow, Margaret; a son, Alvyn; a daughter, June, in Nanaimo; his mother, Mrs. J. Wilson, and a sister, Emma, Vancouver; one brother, Ernest, Nanaimo. Remains are at Westwood Hirst Funeral Home.

**BLACKOUT LIFTED**

HONOLULU, May 4 (AP)—The night blackout of the Hawaiian Islands, in effect since the Japanese attack on Pearl Harbor December 7, 1941, was lifted, effective tonight, by order of Lieut.-Gen. Robert C. Richardson, Jr., military governor. The regular 10 p.m. curfew, at which time all persons are required to quit the streets, will be continued.

## Noted Pianist Will Play Here Tonight

For her recital this evening at 8:30 o'clock, in the Victoria High School Auditorium, Gertrude Huntly Green, one of Canada's most distinguished pianists, has chosen a programme of intrinsic merit. Major works will include the Bach organ Toccata and Fugue in D Minor, arranged for piano by Carl Tausig, and "Carnival," Op. 9, by Robert Schumann, the latter being performed by special request.

The second half of the programme will be devoted entirely to the music of Chopin and will include Ballade, Op. 47, No. 3; Nocturne, Op. 15, No. 2; two Studies, Op. 25, Nos. 5 and 2, and the Polonaise, Op. 53.

The recital is being held under the auspices of the Victoria Chapter of the Toronto Conservatory Alumni Association, Mrs. C. S. Beals, president, and the proceeds are in aid of the Canadian Red Cross.

## Is Timely Action

The Department of National Defence has made a timely contribution to the housing problem in Greater Victoria by steps to place two army camps, capable of housing 200 families, at the disposal of rental authorities, now in the throes of an acute re-housing crisis. It is easy to say that the armed services should have provided for their own personnel, married or single, but the fact remains this move is a definite relief and one which points the way for other agencies in the community. Who else will now help?

As has been stated a number of times, it is too late to argue over past mistakes or policies. A definite number of families are under orders to leave the shelter they have, and they have nowhere to go. Some of these families have small children, who must be cared for in any event. Passing the responsibility from one agency to another will solve nothing. Here is where the whole community must take a hand. Homes must be found for those without shelter.

We are convinced that the public can help in this emergency. We believe that if it is explained to our citizens that this is a real emergency, and that uncommon measures must be used to bring even temporary relief, that they will respond. Are there no vacant flats or apartments? Is there not one house which is standing idle? Surely in the face of a genuine human need here is scope for community action. The call is for volunteers, and now.

We are moved to add that at this time zoning regulations, however ideal in ordinary times of peace, should not be allowed to bog down a critical housing situation. More than one instance has been drawn to our attention where people stood upon their zoning rights. What do those rights amount to if families with children face the prospect of finding themselves on the street? This is an acute emergency, and everyone is concerned. The Department of National Defence has given a notable lead to others' indecision. Now, who will take the next step?

## Mr. Maitland Is Right

No one in this land has any right to demand a waiver of the law. The same laws, common to all, must be complied with before anyone has a first standing as a citizen. Doukhobor bands who disrobe and create a public nuisance of themselves have only themselves to blame if they find that that brings them trouble. It should. It will continue to do so as long as they continue to break the peace of this land.

It was an act either of ignorance or one of gross impertinence on the part of certain of the Doukhobor colonies of British Columbia to "demand" of the Attorney-General of this Province that he spring convicted men out of jail at their request, or that he in any particular attempt to rewrite the law, for the breach of which such men were incarcerated. The laws are made in Parliament, openly and with consent. No man can vary them. First, last and all of the time, they are there to be obeyed.

Attorney-General Maitland was fulfilling the real trust of his office when he told the claimants their "demands" had no grounds. That is the plain fact of the matter. Were it otherwise, the law would operate one way today, and a different way tomorrow. Citizens with influence would "demand" concessions, and those without any would get none. There is no waiver in the law that must not be supported first by full compliance with all that an honest, law-abiding citizen must do. If the dissentient Doukhobors do not wish to be that they had better get out of this country now. For Canada is a law-respecting and law-abiding land, and it will stay so by majority assent.

## Air Transport Board

A Bill has been introduced in the Commons at Ottawa to provide for creation in Canada of an Air Transport Board. Such a board will certainly be needed, not as an adjunct to some highway commission, but as a separate air control entity, and that we believe is proposed. At the same time, the creation of an Air Transport Board will not save civilian aviation in Canada if our national policies are wrong. At present those policies contemplate a national air monopoly within Canada in so far as Canadian aviation is concerned. We sincerely believe that will kill aviation, and not promote it.

Why does the Government put the cart before the horse? Of what use is there talking about ways to control civil aviation if at the same time there remain in existence regulations which will prevent there being any real civilian aviation to control? That, in brief, is what the position amounts to. A Government-owned monopoly will stifle the normal progress of this land in the air, as it has done in every other land where that has been tried. Why not let the Commons argue that? It is the root problem involved.

People think there is something special about aviation. There is not. Sanity, sound business development, a full catering to public needs, the free play of interchange and invention, the withholding of special privileges from any—these are the things that build aviation. How far would the automobile industry have gone if the Government in the infancy of motor cars had decided to run them all? The answer will not be different in the air. The position is not different because the terms used are new and modern. The same old human laws apply, and no Government yet has found a permanent means of getting them aside.

No Government, no matter how wonderful, can have its cake and eat it. The Canadian Government is attempting to do that. Indigestion alone will follow.

## One Pull, Together

All through this war the people of Canada have shared one thing in common, a genuine desire to help. Citizens across the country have responded each in his, or her, own way. Men and women have gone into the services. Other men and women have gone into war factory and shipyard plant. Retired folks have turned out as wardens, salvage sorters, aircraft spotters, and in many other roles. But each felt that his contribution amounted to something, that it helped the nation at war.

It is precisely in that light which we should view the Sixth Victory Loan. It is as personal as private investment can be, and yet there is underneath all the same common ground, the same striving together, the same undivided will to give this land of our best. Tens of thousands of Canadians have not waited for Victory Bond salesmen. They have gone looking for him on their own initiative. That is the right spirit. That is what marks our citizens as free men and free women.

This, of course, is the response side of the national war appeal. It is almost incidental that savings are a fine habit, that Dominion of Canada bonds are among the securest investment in the world, that easy money saved now will be valuable when once again money is hard to come by in any extra volume. All that goes into the bargain, however. No one can buy a Victory Bond without also obtaining a priority upon part of the successes of tomorrow. The two factors, service and savings, merge, and are inherent in the means itself. Put victory first, not only in Canada but also in your own household. Pull together.

## Seen in Passing

Men call the donkey a fool; yet there is hardly a more crafty animal. It goes when it likes, and stops when it doesn't want to. It brays in its *own* key, and never in anyone else's. It knows the nearest route home, and where shade is to be found in the long meadow. Moreover, on the slightest provocation it will lie down, kick its heels in the air and tell the whole world to wait until it is ready to go on again. Compare man with that, and perhaps the donkey might have the last word.

George Bernard Shaw's "Pygmalion," he has told the income tax collectors of Great Britain, cost him little effort to write and netted for him one of the largest returns in his long and versatile career as an author. Sincere in some things, Mr. Shaw is fighting alongside other craftsmen to save something from the wreck of tax and surtax applied without any relation to the labors of imaginative production.

## Crossing the Bar

Sunset and the evening star,
And one clear call for me!
And may there be no moaning of the bar,
When I put out to sea.

But such a tide as moving seems asleep,
Too full for sound and foam,
When that which drew from out the boundless deep
Turns again home.

Twilight and the evening bell,
And after that the dark!
And may there be no sadness of farewell,
When I embark;

For tho' from out our bourne of Time and Place
The flood may bear me far,
I hope to see my Pilot face to face
When I have crossed the bar.

—ALFRED, LORD TENNYSON.

## From "Resignation"

Let us be patient! These severe afflictions
Not from the ground arise,
But oftentimes celestial benedictions
Assume this dark disguise.

We see but dimly through the mists and vapors
Amid these earthly damps.
What seems to us but sad funereal tapers
May be Heaven's distant lamps.

And though at times impetuous with emotion
And anguish long suppressed,
The swelling heart heaves moaning like the ocean
That cannot be at rest:

We must be patient and assuage the feeling
We cannot quite gainsay,
By silence sanctifying, not concealing,
The grief that must have way.

"What does the expression 'See you' mean?" a judge asked the Crown prosecutor during a court trial. The prosecutor answered: "My lord, it appears this is a slang expression of American origin which has gained regrettable currency in the language of our people through the agency of motion pictures and radio, and is, I am led to understand, employed to indicate a state of dubiety in the mind of the speaker as to the veracity or credulity of a statement made to him" . . . and, earlier still, Canadian and Australian pilots got two more, besides wrecking a dozen others on the ground.

Such destruction in a single night constitutes a new intruder record. No loss was suffered by the assailants.

Another feat by Mosquitos was a precision attack on a single house in The Hague, where thousands of secret German documents were stored.

The house and contents were reduced to blackened ruins. A solitary bomb fell wide of its mark, but happily hit a German barracks.

The enemy was taken completely by surprise. Neighboring Dutch houses were untouched.

So marked was the opposition to disciplinary action against the Welsh member that the party meeting adjourned for a week without any decision.

However, the matter will then be pressed to a conclusion one way or another.

Editorially, The Times says Foreign Secretary Eden's statement in Parliament settles the treatment of France after the liberation armies land.

The French Committee for National Liberation will be the authority with whom the Allies will deal in establishing law and order, under the supervision of Allied Commander-in-Chief Eisenhower.

Conversations working out details are now proceeding, conducted on the French side by General Koenig, gallant defender of Bir Hakeim.

Eisenhower and Koenig have established friendly relations and the talks are making good progress. A solution satisfactory to both sides is more than likely to be reached.

In due time the French people will settle their own form of government, says The Times. Meanwhile the leadership of the Committee for National Liberation is established.

## Call-Up at 18 1-2

Continued from Page 1

"Without conscription this country is as well organized as any country on the side of the United Nations, and the figures indicate that every place we can find a man we are taking him for war," the minister continued.

Mr. Green said there appeared to be no policy on calling men after taking in those now on deferment.

Mr. Mitchell said he would not let it be said there was no policy. The problem was one which had to be dealt with from day to day and the policy was altered in light of conditions.

Mr. Green: "A very indefinite policy."

Mr. Mitchell: "If my honorable friend was sitting where I am he would not say it is an indefinite policy."

There had been talk of a "manpower muddle" in Canada during the last session, but the experience of other countries, and the production of weapons of war and other essential output had shown how successful the Canadian policy had been.

Answering G. S. White (P.C., Hastings-Peterborough) who asked him to explain how the call-up of men was distributed between the various districts after a requisition for men was sent the Labor Department by the National Defence Department, Mr. Mitchell said:

**AUTOMATIC CALL AT AGE OF 18½**

"We have to call six men to get one for the forces now."

"Does this mean that as soon as a Canadian becomes 18½ years of age he will automatically be called?" asked Mr. White.

"Yes," said Mr. Mitchell.

About 100,000 Canadians reached military age every year, but all these were not available for the call-up, as many enlisted, were engaged in agriculture or other essential occupations, were unfit or were students.

The Labor Department was doing everything possible to trace men who had failed to respond to call-up notices, or otherwise failed to observe the mobilization law.

National Defence Headquarters announced today that in an attempt to clear up the situation with respect to absentees and deserters, letters are being sent out to next of kin of the men involved. Officials said it was possible that a number of men listed in army records as absentees or deserters should not be called as such as they may be serving in other branches of the forces.

Mr. Mitchell said he did not think more men could be taken from farms and military equipment had to be supplied. Men had to be retained in the basic industries, but industrial engineers were examining industries to see what men could be spared.

Mr. Green said it appeared the group to be called first would be those in essential industries and services, numbering about 50,000.

"I think so, on a basis of priority," said Mr. Mitchell.

K.C., said yesterday that while municipalities were responsible for caring for indigent persons, he believed it was up to other persons to find their own homes. He was also of the opinion that there was no law which put responsibility on any government, local or Federal, to provide houses for persons other than indigents.

Military authorities on Wednesday came forward with an offer to provide temporary accommodation for families facing eviction orders. Present plans call for the use of the Willows and Patricia Bay army camps as soon as contemplated alterations are carried out. Accommodation will be provided for 200 families.

## Victoria Loan

Confidence of the Province in Canada's future will be demonstrated this morning when Premier John Hart will sign a cheque for $7,000,000, bringing the provincial holdings in War Bonds to $43,000,000.

**FOUR B.C.-YUKON UNITS EXCEED QUOTAS**

Four of British Columbia-Yukon's 43 units have passed their quotas in the Sixth Victory Loan campaign, The Canadian Press reported yesterday.

North Vancouver and Atlin followed Ladysmith and Richmond over the top. North Vancouver's quota in this loan was $1,775,000, or $210,000 more than the Fifth Loan amount. Atlin's quota was $15,000. It is in the Yukon-Atlin-Peace River division.

The armed forces division Thursday reached 118 per cent. The Western Air Command exceeded its $915,000 quota and set a new objective—one million dollars. Only 52 per cent have invested so the million will be easily obtained, said R.C.A.F. officials. Air Vice Marshal L. F. Stevenson will receive the air force's honor pennant from George Kidd, chairman of the B.C.-Yukon National War Finance Committee, at the Bond Shell Monday.

The navy in the Vancouver district scored 300 per cent of its quota.

Receipts from the British Columbia-Yukon public Thursday showed a slight improvement over the previous day but were still below the $3,000,000 mark—$2,870,300.

The overall amount invested in British Columbia-Yukon to date is $73,343,000 or 63 per cent of the $120,000,000 objective. This is $43,656,800 short of quota. The general public has bought bonds to the value of $32,484,000 or 66 per cent from 156,606 applications. The standing at this time in the Fifth Loan was $29,765,800 or 60 per cent from 143,240 applications.

Ocean Falls-Rivers Inlet at 89 per cent is still seven points ahead of Powell River-South Coast. Surrey-Langley-Delta is on top with 59 per cent in the Fraser Valley.

Nelson and East Kooteneys went over the halfway mark with Nelson taking the lead by a slight fraction.

Standing of the three major cities is: Vancouver, 72 per cent; Greater Victoria, 53 per cent; New Westminster, 51.

Large victory bonds applications received at provincial headquarters on Thursday included: Union Oil Company of Canada, Ltd., Vancouver, $200,000; Canadian Summer Iron Works, Ltd., Vancouver, $50,000; W. R. Carpenter (Canada), Ltd., Vancouver, $50,000; George E. Morrison, Vancouver, $30,000; A. R. Williams Machinery Company, of Vancouver, Ltd., $25,000.

## Aerial Offensive

Continued from Page 1

While the overall scope of the day's raids was light in comparison with recent mass assaults, the nature of the targets was notable. Having directed a devastating campaign against German factories, then against rail transport, the air forces now were centring their blows on German defensive installations and vital front supply dumps which the enemy will need the moment invasion comes.

The medium bomber attacks today raised such clouds of dust and smoke that accompanying fighters said damage was difficult to assess.

Canadians in the force of Mitchells which attacked military objectives near Abbeville during the morning said ack-ack fire was heavy but the bombs were laid directly on the target.

Sgt. F. A. Southerland, Lethbridge, Alta., an air gunner making his first operational trip, admitted he felt "a bit panicky," especially when ack-ack fire burst underneath his plane and tore four holes in the fuselage. None of the crew was hurt.

Other Canadians on this raid included F.O. Harvey Bliss, Calgary; F.O. Stuart Loutet, North Vancouver; Flt. Sgt. A. L. Glaser, Fox Valley, Sask.

The R.A.F. moonlight strikes were directed at a major German military depot at Mailly, France, where 1,500 tons of high explosives and incendiaries were dropped, an air force depot at Montdidier, an ammunition dump at Chateaudun, and the chemical centre of Ludwigshafen.

## Railway Wages

Continued from Page 1

The railway brief said any increases granted the workers directly involved would have to be extended to other railway workers, bringing the total to 175,000.

"The economic well-being of all the people of Canada is involved in this application, striking as it does at the very foundation of the policy of price and wage control which the Government has laid down as essential to the welfare of the nation," said the railways.

The effect of the increases sought would be to add from $84,000,000 to $120,000,000 annually to the purchasing power of C.N.R. and C.P.R. employees.

"No more serious blow could be struck at the anti-inflationary programme of the Government," the brief said.

## According to Culbertson

Just because a defender can overruff the declarer is not good or sufficient reason for his doing so. Consider this case:

North, dealer.
North-South, vulnerable.

NORTH
♠ A 8 6
♥ A
♦ 9 5 4 3
♣ K J 7 4 3

WEST
♠ 5 3 2
♥ Q 8 5 2
♦ K 7
♣ A Q 8 5

EAST
♠ J 10 9 7
♥ 9
♦ A Q J 10 6
♣ 10 6 2

SOUTH
♠ K Q 4
♥ K J 10 7 6 4 3
♦ 8 2
♣ 9

The bidding:

| North | East | South | West |
|---|---|---|---|
| 1 ♠ | 1 ♦ | 1 ♥ | Pass |
| 2 ♣ | Pass | 4 ♥ (final bid) | |

This deal occurred at match point duplicate.

At this particular table the play proceeded as follows: West led the diamond king; East overtook and laid down the queen and jack. Declarer ruffed with the jack—and West promptly overruffed with the queen. (Perhaps he thought he might lose that card!) West returned a spade; the ace won, the heart ace was cashed and declarer, entering his own hand with a spade, drew the rest of the trumps without loss. He had to go down a trick, of course, because of West's club ace, but when the scores were posted later, East-West found that the 100 points they had earned on this board gave them very few match points.

There were two good reasons for this. One was that West should have doubled the final contract; the other was that if he had correctly refused to overruff the jack of hearts, he would have set the contract another trick by eventually winning two tricks with the queen and eight of trumps.

peal." The extradition order then became effective, and the New York men took Wilby into their custody.

Mrs. Wismer and Mr. Haldane immediately applied to Mr. Justice Macfarlane for another writ of habeas corpus, and were granted the preliminary order.

Mr. Haldane stated afterwards that he sped to the boat with the deputy sheriff, and at his insistence the deputy was permitted to go aboard the ship to make inquiries. Only two staterooms were booked, and neither was in the name of the New York detectives.

The boat was held for a few minutes, but no trace of Wilby was found. Later Mr. Haldane received information that Wilby was in staterooom 265.

Wilby was formerly accountant for the Wm. T. Knott Co., Inc. New York, operating a chain of 14 department stores.

## Chicago Grain

CHICAGO, May 4 (AP).—Faced by an advance of more than a cent in May rye, which moved to a new high for the past three months, grains exhibited a firm tone on the Board of Trade today. Part of the buying of May rye represented short-covering and the contract was strengthened by a scarcity of offerings.

Deferred rye contracts, while higher, were not able to advance as much as the nearby month. Gains in other pits were confined to small fractions. While trading in all rye deliveries was active, not much interest was shown in other cereals. There was moderate buying of wheat from a commission house with milling connections.

## Job Office Has New Card System

Unemployment Insurance Commission has started a new self-registration scheme at the local office which will operate with the speed and efficiency found in the larger industrial firms, A. E. Boyle, assistant supervising inspector of the commission, here from Ottawa to initiate the plan, stated yesterday.

Under the new plan, employees will fill out their own card instead of answering the questions put by a clerk. "In this way three officers can handle 45 to 50 applications each hour in the day and get better results," he explained.

Mr. Boyle, who is spending the week instructing employees in the new method of handling applicants, said space had simply been reallocated to take care of about ten persons at one time.

"It takes about 12 minutes to fill out the new questionnaires," Mr. Boyle stated. "Old forms had only 19 questions to be answered by the clerk, but the new forms have 242 questions in all. These are broken down into six sections, one for each different type of work and almost anyone can fill them out."

Self-registration is in effect in 12 offices across Canada. It was started in March in the town of Hamilton, Ontario, with the idea of improving the service and requires less personnel.

With an eye to postwar conditions, Mr. Boyle said Ottawa was training personnel to handle employees with more discrimination and understanding. Trained personnel was especially needed to handle youth and handicapped persons.

"Physical deficiencies are not handicaps in most cases," the Inspector stated, "but the man who is burned out is really handicapped. We have a special services branch, which is slowly developing, to take care of persons in this category, and it is their job to contact employers also."

## *Ottawa May Lend For Home Building*

OTTAWA, May 4 (CP).—Finance Minister Ilsley said today, in an interview, that the Government would be prepared to consider favorably extending loans up to 90 per cent of total capital outlay in financing low-rental housing for any Canadian community where citizens organize to undertake such a programme.

Mr. Ilsley was commenting on a Montreal announcement that such assistance is being extended to a privately-sponsored project there.

He expressed hope the Montreal undertaking would "serve as a model and encourage public-spirited citizens in Ottawa and other communities to organize for the same purpose."

"The Government would be prepared to consider favorably the extending of the plan to Ottawa and any other centre where this is done," he added.

## Army May Provide Tents for Homeless

OTTAWA, May 4 (CP).—Authority has been given officers commanding all military districts to give assistance in alleviating distress among evicted tenants, it was disclosed in a return tabled today in the Commons in reply to questions by T. L. Church (P.C., Toronto-Broadview).

The orders instructed the officers to give special attention to wives and dependents of members of the active forces. They were authorized to provide any feasible accommodation, including tented camps and to use staff and transport for issuing tents or other equipment.

**APPROPRIATE NUMBER**

ADELAIDE, Australia (CP).—"Any requests?" asked entertainers making the rounds in a big military hospital near here. "Yes," shouted a wounded man, "sing us 'Don't Get Around Much Anymore.'"

## Presaging June—the Month of Weddings

ROMANTIC is the bride who creates a symphony in color and type with her bridesmaid. This bridal gown, worn over a hoop skirt, is of marquisette trimmed with bows of self-material and scrolls of white lace. Her headdress repeats the lace motif in rosettes above the fingertip veil. She carries an unusual bouquet of pale blue lacey flowers, and around her neck she wears double clips of diamonds and sapphires on a white ribbon. Her bracelet is a narrow band of diamonds, and as this is an after-ceremony portrait, she wears her diamond engagement ring and wedding band on her left hand. During the ceremony she wore her engagement ring on her right hand. The bridesmaid's dress is blue with matching Dutch cap of gathered net. The skirt is appliqued with round bouquets, and her corsage bouquet is round. Her neckband is blue, with a single clip of diamonds and sapphires. Cartier designed the jewels.

## Your Health and Your Weight - -

Jas. W. Barton, M.D.

**POOR APPETITE AND THE UNDERWEIGHT**

Some years ago when a thin individual was a hearty eater, he was told that it was the weight of the food he carried about that kept him thin. It is possible that eating too much food would tire a thin person because, although he eats so much, he does not exercise or work off the extra food and the wastes from the unused food in the system poison or tire the blood. The individual is as tired or exhausted as he would be had he exercised or worked hard physically. Wastes from exercise or work tire the body.

However, the thin individual who is a hearty eater is the exception, unless he has an overactive thyroid gland. While overweights are hearty eaters, thin individuals are not.

Some years ago, Drs. Strang and Cox, in Annals of Internal Medicine, reported their experiment of measuring the amount of food eaten by eight healthy lean men who were instructed to eat as much as they wished; they were allowed to move freely in the hospital. Their average daily intake of food was 2,060 calories which compares with the average daily intake of about 2,700 calories by men of medium weight engaged in light or sedentary occupations—mostly sitting down.

In overweights it has been found that even when they are at rest, their bodies manufacture more heat than those of normal weight, the difference being in proportion to the difference in body surface or body weight. On the other hand, in thin individuals the resting heat is low as compared with those of normal weight, the difference again being in proportion to the difference in body surface or body weight. "In other words, lean individuals are bound to be small eaters because they are underweight."

Another interesting point about appetite and weight is the effect of depressing emotions on the appetite. The individual of normal weight usually responds to unhappiness, or anxiety, with loss of appetite and loss of weight, caused by his subconscious mind lessening his desire for food. Overweights, under depressing emotions, often maintain their appetite and weight, the depressing emotions not being strong enough to overcome the desire for food, or the calls of hunger from the body. Physicians have found that an overweight who has been losing weight at a satisfactory rate on a reducing diet, actually increases his appetite and weight under the effects of a depressing emotion. The depressing emotion, in one of normal or underweight interferes with their desire or need for food which, after all, is a matter which does not require will power. This same depressing emotion in the overweight seems to take away his strength of will, which strength of will is enabling him to cut down on his food intake, and fight his healthy appetite for food.

There is no question but the lean individual, usually high strung, with a weak appetite naturally, is known to be abnormally sensitive to all forms of emotional disturbances and no strength of will can cause him to want his food.

The lesson here is that the lean individual has not the hearty appetite of the overweight and his appetite is easily affected by emotional disturbances. For this reason he should be well rested mentally and physically before eating, and insofar as possible there should be peace and quietness during meals.

A short walk outdoors and five minutes rest lying on the right side before eating, should cause the empty stomach to call for food.

## *Duke Admonished*

DUNOON, Scotland, May 4 (CP).—The Duke of Argyll, 52, Keeper of The Great Seal of Scotland and Master of the Royal Household in Scotland, was convicted and "admonished" today on a charge of using his walking stick on the 79-year-old clerk of Inverary.

The Duke was not present at the hearing. Testimony was presented to show that he struck the town clerk, Robert Sutherland Corrigall, and threatened to throw him into Loch Fyne during an argument over the Department of Health.

A court admonition includes no other penalty.

## Mrs. W. L. Clay Re-elected Head

Mrs. W. L. Clay was re-elected president of the Aged and Infirm Women's Home at the annual meeting held Tuesday afternoon. Others elected were Mrs. D. Heddle, first vice-president; and Mrs. A. D. Whittier, second vice-president.

Mrs. Clay, in her presidential report voiced regret at the passing of Mrs. William Grant and Mrs. F. W. Vincent. Four new members were received, Mrs. F. G. Ellis, Mrs. E. Cridge, Mrs. J. Tully and Mrs. A. S. Minnion. Gratitude was expressed to the Victoria Ministerial Association and Salvation Army for arranging Sunday services; the Victoria Medical Society for care of the sick; and to citizens "who have contributed to the comfort and enjoyment of our guests." Thanks were also expressed to Miss Robb and her capable staff.

One hundred and forty-one inmates have been cared for during the year, 17 have passed on, and 12 have left to enter hospital or join relatives.

Thanks were expressed to Mrs. A. D. Whittier who was secretary for many years, retiring from that position last July.

Mr. Manson was later presented with a silver smoking set from the members of the district and division operating departments, the presentation being made by T. Lees, district engineer.

## Wants Higher Pay For Federal Members

OTTAWA, May 4 (CP).—The Canadian Congress of Labor said in a statement today it was of the opinion the remuneration paid members of Parliament was "unduly low" and should be "substantially increased" with taxation on the indemnity "reduced to a minimum."

(The sessional indemnity for members of Parliament and Senators is $4,000. Cabinet ministers receive salaries of $10,000 each and the Prime Minister $15,000.)

## 13,000 New Electric Ranges to Be Made

OTTAWA, May 4 (CP).—The electric range, an orphan of the storm of war, is coming back into its own with authority given for the manufacture of about 13,000 in the next 12 months, it was learned today.

The Prices Board administrator of electric apparatus, equipment and supplies, M. C. Lowe, of Montreal, also has given authority for the production of 9,000 electric rangettes and 50,000 electric cooking plates.

Sales to the public no longer will require essentiality certificates.

# Ford Strike May End Soon

## New Proposals to Be Submitted Tomorrow

WINDSOR, Ont., May 4 (CP).—Bernard Rose, K.C., of Montreal, resident umpire in the work stoppage at the big Ford Motor Company of Canada war plants here, said tonight that new proposals will be submitted Saturday to the company and the union and that "the men should be back at work very soon."

Rose was appointed by the National Wartime Labor Relations Board at Ottawa as resident umpire in the dispute over grievance procedure between the Ford Company and the United Automobile Workers of America (C.I.O.), which estimates that 14,000 workers at Ford are idle.

He announced that Mr. JJustice G. B. O'Conner, chairman of the Labor Board at Ottawa, will arrive Saturday to submit proposals for settlement of the dispute which resulted in a walk-out of employees April 20. The factories have been idle since that date, except for two days earlier this week.

Mr. Rose said the board chairman had informed him by telephone from Ottawa that he had received suggestions from Mr. Rose and from J. L. Cohen, national counsel for the union, in connection with arrangements for grievance procedure at the Ford plants "and he felt it justified him coming to Windsor to submit the suggestions to the company.

"I feel the proposal is one that will be acceptable to the men and will also meet with the acceptance of the management," Mr. Rose added. "The men should be back at work very soon." He added he was not prepared to give any details as to the suggested settlement but said that Mr. Justice O'Connor felt the suggestions "merited the fullest possible consideration."

# Air Force Responds Well to Victory Loan

Second large air force station near Victoria to exceed its quota in the Sixth Victory Loan during the last two days was a training unit with a quota of $48,100.

Wednesday, R.C.A.F. Station Patricia Bay reached its $123,700 quota at the same time Western Air Command, which covers the whole of British Columbia, exceeded a quota of $915,000.

The latest unit to oversubscribe its objective was being canvassed by a committee in charge of Flying Officer W. A. Bitcon, who stated:

"Our ground and air crews have responded well and we hope to add many more bonds to our subscription lists before the end of next week. We are not stopping our efforts just because we have attained our quota."

# *Carrier Launched*

VANCOUVER, Wash., May 4 (AP).—The U.S.S. Kwajalein, a carrier, was launched from the Kaiser yard here today. The vessel was named for the battle for the atoll of that name.

Mike Miller, manager of the shipyard, told workers more man-hours and more materials will go into the new C-4 type troop transports to be built here soon than into the Kwajalein class carriers. Shipways will be widened and strengthened to carry them, he said.

VANCOUVER, May 4 (CP) — The 13 Doukhobors in Oakalla Jail are expected to be moved soon—the six women to Portsmouth Penitentiary to serve their two-year terms and the seven men to the penitentiary at New Westminster.

Oakalla Jail officials said that unless the Doukhobors file an appeal from their summary conviction 10 days ago, immediately, they must be moved.

## PICTURING INTERIORS

Interiors Are Not Difficult to Take. Why Not Make a Picture of Your Soldier's Favorite Lounging Spot and Have an Extra Print Made to Send Along to Him.

AMATEURS are doing an excellent job of keeping those in the service supplied with snapshots from home. Most of these pictures, however, are snaps of the family, relatives or friends. That is fine. But the boys and girls also like to receive pictures that show them the homes themselves—where they lived—before going into the service. To complete the story, then, you should take some shots of home interiors.

Under ordinary conditions flood or flash lamps would be used for illumination in taking pictures of home interiors, but, as it is quite difficult to buy these lamps, due to their scarcity, you can use another method.

Without the aid of flash or flood lamps it is better to rely entirely upon daylight coming through the windows, and supplement it where necessary with a reflector. For instance, if a room has a rather dark corner, you can usually brighten the corner by having someone stand just outside the camera range and hold a large white cloth or piece of cardboard, so that it throws the light in that direction. Or, better still, you might use a 100-watt or 200-watt home-type light in an inexpensive reflector or bridge lamp.

Exposure for interior pictures depends upon the illumination, type of film, lens aperture, and the general characteristics of the room. A room containing dark carpets, hangings and woodwork will require a longer exposure than one which is generally light in tone. For an interior with medium colored walls and furnishings and two windows, make an exposure of four to five seconds—if you are using very fast film—and the sun is shining—with the lens aperture set at f/16. With slower type film the exposure time should be doubled.

One important thing is to get pictures that show the room as Cpl. Bill knew it when he went into the service. So, as far as possible leave the furniture in its usual place. You probably won't be able to include the whole room in your picture, but you can get parts of it with each picture you snap.

Whenever possible leave enough clear space between the lens and the nearest piece of furniture, so that nothing but the floor can be seen in the immediate foreground. The reason for this is that any object which is very close to the camera will appear unduly large in comparisoon with objects that are farther away.

Of course, when you're making a time exposure, you must have a firm support for your camera. A tripod is the best bet because it can be set for different heights and is easily moved from one position to another. A small table, however, will serve the purpose.

Space will not permit going into further details regarding interior pictures, but you will find photographic books at dealers and in libraries which will help you.

Give those in the service a lift by sending pictures of home interiors. —John van Guilder.

## Glancing Over Sport—

By JOE DELAHUNTY

THE DAY'S ROUNDUP

Strong rumors seeped through the grapevine yesterday and reached the sports department to the effect that when and if the proposed ice arena is constructed in the city it will not be on the site previously mentioned in the press, corner of Pandora and Blanshard, but on the property just off Douglas Street and bordered on one side by Gorge Road and the other by Garbally Road. If that's the case, and this writer believes that there is plenty of truth to the rumors, it's an ideal spot for the building, much better than the Pandora - Blanshard layout. There's ground galore for a first-class building and plenty of room for making a good parking lot for the patrons, and that's one major thing that must be considered before construction begins. I also understand that there is more than one party in line for the right to build the rink, which means that the one with the best proposition will most likely be given the "go-ahead signal" when the time comes. That's the situation at the present moment, according to information whispered to me yesterday by pretty good authority, so take it with a grain of salt if you so desire . . . Competition in the Canadian Army boxing finals last night in Ottawa must have been of a pretty high calibre when such local glove-throwers as Bobby Parker, "Honey" Waithe and DiSalvo dropped decisions. However, the boys did well to reach the last round of the nation-wide tournament. Capl. "Sandy" Spiers, sports officer at the Esquimalt barracks, was disappointed when informed of the three defeats, of course, but added that he knew the boys did their best and was satisfied that all three of them had reached the finals after the long trip across the country to the Dominion capital . . . Fighting away from home, hundreds of miles away, is no easy assignment at any time, so the Pacific Command will be proud of the trio, even in defeat.

ODDS AND ENDS

Racing officials are busy lining up the plans for start of another British Columbia campaign. One of the chief worries at the present moment is the jockey supply. However, the old standbys will be back while some new boys from across the border are expected to join the list when curtains go up on July 1 in Vancouver. Race riders like Billy Slocum, last year's leader; Alex Haller, Johnny Hrushak, Jumbo Kelly, Billy Woodhouse, Emil Sporri and possibly Johnny Craigmyle will most likely be doing most of the piloting here and on the Mainland. Sporri, veteran Swiss hardboot and popular with Victorians, is reported back in the saddle after a year's lay-off . . . Henry Ford will soon be inaugurating an extensive athletic programme at his Willow Run bomber plant in Detroit. It will include baseball, softball, volleyball, tennis and horseshoe pitching. Land adjoining the plant will be used for these activities. Mr. Ford, like many other industrialists, sees athletics as a medium for strengthening employer-employee relations . . . Capt. H. L. Glendinning, former well-know local English Rugby player, has been wounded in Italy, word was received in the city recently. "Glen" played for the Crimson Tide in the McKechnie Cup series and also with the Canadian Scottish fifteen before leaving here during the second year of the war. He came to Victoria from Penang, Straits Settlements . . . Victoria's Reg Clarkson, ex-St. Louis College athlete, is playing in the outfield for the Arrows in the Vancouver Senior Ball League. The other night in a workout he belted two over the fence, which means the kid is acquiring a batting eye. Last year he played for the Eagles in the local circuit . . . Laurel Harney was telling me yesterday that the V.M.D. is still a doubtful starter in the City League. "We need about four good ball players, otherwise I cannot see how the club can operate with any success. A definite decision will be reached some time next week, but right now things don't appear very bright, Joe us," the veteran catcher stated.

FROM HERE AND THERE

A week from tomorrow baseball fans will be given some idea what kind of material four of the clubs will have on deck for the pennant drive, for the curtain goes up on another long campaign. Heard yesterday that the Navy had lost three or four good men through the draft, but nobody will confirm or deny the statement. Apparently the various clubs are holding back just what material they have ready for the openers. Royal Canadian Air Force has been training in this fine weather at their Pat Bay port and stories from that part of the Island say that the Flyers will have a fast, young club ready for action. About three or four days from now we expect to have the low-down on all the clubs, maybe . . . Of the 148 nominations in the Winter books for the Kentucky Derby, there are only 18 left on the list and go to the post tomorrow afternoon at Churchill Downs. The chances are that about a dozen horses will march out from the paddock about 3 o'clock Victoria time Saturday. By the way, the big Blue Grass classic will be on the various networks from 2:45 on and not earlier as some racing followers think . . . Morton Cooper, ace of the St. Louis Cardinals' pitching staff for several seasons, certainly has a sore arm, for he dropped his third straight verdict yesterday as the Pirates pounded him from the mound again. He did last seven frames, six more than the last time out . . . Wonder what happened to the Seattle Rainiers last night. The club fell apart at the seams as they took a terrific 14-run pasting from San Diego. Guess the Skiffmen had one of their bad nights for a change, and it is the right time of the season to get those bad ball games out of their systems.

### Parker, DiSalvo and Waithe Lose Bouts In Army Tournament Held at Ottawa

OTTAWA, May 4 (CP)—Pte. Vern Escoe, of Toronto, representing Military District No. 2, was crowned heavyweight champion of the Canadian Army in the open class when he sent his opponent, 44-year-old L.-Cpl. A. E. Fox, of Camrose, Alta., to the canvas in the second round of their tilt during the army boxing championships here tonight.

The fight went to Escoe on a technical knockout when Fox went down to a count of six. Fox, former Canadian heavy champion representing Western Canada, was unable to withstand the attack of his younger opponent, representing the East.

In the middleweight open, Tpr. Len Wadsworth, of Timmins, Ont., representing Eastern Canada, and Canada's professional middleweight champion, defeated Cpl. Alf Nyberg, of Port Arthur, representing Western Canada, by a technical knockout.

Wadsworth opened a cut over Nyberg's eye, and it was ruled too bad to permit him to continue.

Cpl. R. M. Whalley, of New Westminster, B.C., representing Western Canada decisioned Pte. Archie Sparrow, of Burlington, Ont., fighting under Camp Borden's colors and representing the East.

Here are the champions:

OPEN CLASS

Heavyweight, Cpl. Vern Escoe, Toronto; light-heavyweight, Cpl. Ronald M. Whalley, New Westminster, B.C.; middleweight, Tpr. Len Wadsworth, Timmins, Ont.; welterweight, Pte. Alex Boguski, Lethbridge, Alta.; lightweight, Pte. Patsy Brandino, Toronto; featherweight, Sgt. Bobby Robertson, Toronto; bantamweight, Lieut. Joe Gagnon, Montreal.

NOVICE CLASS

Heavyweight, Pte. Aldon Cassidy, Islington, Ont.; light-heavyweight, L.-Cpl. Frederick Bates, Cumberland, B.C.; middleweight, Pte. William Evans, Kelvington, Sask.; welterweight, Lieut. William Haynes, Edmonton, Alta.; lightweight, Cpl. George Paul, Chilliwack, B.C.; featherweight, Gnr. John Joudrey, Stellarton, N.S.; bantamweight, Tpr. Tom Walsh, Toronto.

Most of the novice fights left a lot to be desired as far as boxing skill was concerned, although the lightweight and welterweight bouts in this division ended in technical knockouts.

In the lightweight bout, Cpl. George Paul, of Chilliwack, B.C., representing the West, started from the bell and in less time than it takes to tell had Pte. Henry Demassino, of Montreal, down three times. Referee Goodwin stopped the fight and gave the nod to Paul.

In the fight immediately following blond young Lieut. William Hayes, of Edmonton, waded in with both arms driving to have Pte. Yvon McDougall, of Montreal, groggy in less than a minute.

Lieut. Joe Gagnon, of Montreal, former Dominion titleholder, took a decision from Gnr. Robert Parker, of Victoria, representing Pacific Command, in the bantamweight open after a stiff slugging match which left Parker groggy and Gagnon bleeding from the mouth and nose.

Pte. Ales Boguski, of Lethbridge, Alta., representing the East, gave a cool demonstration in the open welterweight class to stave off a determined attack by Pte. A. DiSalvo, of Montreal, representing the West.

TO PERFORM CEREMONY

VANCOUVER, May 4 (CP)—The Earl of Athlone, Governor-General of Canada, will perform the opening ceremonies at Upper Brockton cricket grounds Saturday when the thirty-first cricket season opens in the Mainland League here.

Eight teams will comprise the two divisions of the league this year, but only three games will be played Saturday.

# Derby Field May Attract Fourteen

### Starting List Will Be Reduced for Classic at Louisville Saturday

By ORLO ROBERTSON
Associated Press Sport Writer

LOUISVILLE, Ky., May 4 (AP)—Any doubt that Derby Day is just around the corner was dispelled today as interest in Saturday's $75,000 horse race reached almost fever pitch.

There weren't the thousands of out-of-towners to jam the downtown streets as in prewar days but one wouldn't know it by standing on the corner of Fourth and Walnut—Louisville's most important intersection.

For the second straight year the classic will be a home-town affair and apparently the natives intend to make the most of it. There was every indication that upwards of 50,000 of them, augmented by others from nearby towns, would watch the classic.

The weather man promised fair weather for tomorrow and the oval figures to be in good condition by post time, about 4:45 p.m., C.D.T., Saturday.

No matter where the conversations started, they almost always ended up with: "Stir Up is the horse to beat." Trainer John Gaver sent the gelding out for his final serious workout this morning and he stepped off the mile of sloppy going to 1:43.

The probable number of entries were reduced to 17 with the announcement that Mrs. Ruth W. Collins' Kope Kona injured his right front ankle in a race yesterday and was a doubtful starter.

Not more than 14 or 15 of the entries are expected to start since such eligibles as B. R. Paton's Valley Flares and J. V. Maggio's American Eagle are on the doubtful list if the going is bad. C. W. Davis' Rockwood Boy probably will not go if the racing strip is fast.

The jockey situation was cleaned up when Trainer Charlie Leavitt signed George (The Iceman) Woolf to pilot Mrs. George Poulson's Broadcloth, one of the favorites who doesn't care about the condition of the track; Whitey Abel selected Otto Grohs to handle his wife's Gramps Image after a previous engagement kept Leonard Bowers from coming West; and Lucius Harlan named James Raymond Layton, another old-timer, to ride Philip Godfrey's Cornrow.

## Big Money Waits Stars

### Shotmakers Will Shoot for Plenty

NEW YORK, May 4 (AP)—The play-for-pay golfing divotees will be in there pitching and putting for more than $200,000 in war bonds this year.

Fred J. Corcoran, P.G.A. tournament manager, announced today that six tournaments offering more than $120,000 in bonds are definitely on the Summer slate, and a half-dozen more are "decided probabilities."

Corcoran said the Winter tour paid off some $100,000 in bonds to the professionals, and resulted in the sale of more than $20,000,000 in bonds. He predicted the Summer events would eclipse both Winter records.

The Summer's opening tournament is The Philadelphia Inquirer invitational, June 5-11, at the Torresdale Frankford Country Club, in which the 21 low scorers for the 72-hole medal play test will split $17,500 in bonds. The winner gets $6,250.

Another 72-hole medal play event, Greater New York's Red Cross 1944 War Fund Sweepstakes, June 15-18, at New Rochelle's Wykagyl Country Club, offers $13,333.33 in bonds.

June also brings up the Victory United States Championship at Chicago's Edgewater Golf Club, June 30-July 2, with $10,000 in bonds going to the victor.

Other tournaments already sealed include the Tam o'Shanter open, sponsored by George S. May, scheduled at Chicago August 24-27, which carries a record purse of $42,500 in bonds. The Tam o'Shanter classic offers the highest first prize ever known to golf—$13,446.67 in war bonds.

## Pitcher Sundra Drafted

ST. LOUIS, May 4 (AP)—Pitcher Steve Sundra, who has won two games for the St. Louis Browns, will report for military service next Tuesday, and to offset his departure the Browns today signed Denny Galehouse as a part-time player.

Galehouse, a rubber factory employee, will join the team each weekend to be available for a Sunday pitching assignment.

JOINS THE PRO RANKS

WINNIPEG, May 4 (CP)—Lillian McGuire, 18, youthful Winnipeg figure skater and holder of the North America intermediate indoor and outdoor speed skating crowns, has turned professional with Shipsheed and Johnson's ice follies, it was learned today. She will join the troupe tomorrow in Minneapolis. Another Winnipeg skater, Ann Drewery, will join the troupe later.

By THORNTON W. BURGESS

**PETER RABBIT LOOKS FOR THE HOME OF RATTLES**

Peter Rabbit was both happy and unhappy. That is a funny way to be, isn't it? But it was true. He was happy because he was trying to satisfy his curiosity. He is always happy when he is trying to do this. And he was unhappy because he didn't know just how to go about it. You see, he was trying to find the home of Rattles the Kingfisher, and he didn't know just where to look for it. He knew very little about Rattles, who lives very much by himself and has little to do with the rest of the Quaddies. Peter had been told that Rattles makes his home in a hole in the ground. At first he didn't believe it. The idea of a bird living in the ground! But when Grandfather Frog said that it was true Peter had to believe it, because he has the greatest respect for what Grandfather Frog says. What Grandfather Frog doesn't know about his neighbors is hardly worth knowing, for he is very old and accounted very wise.

"No, I Haven't Lost Anything. Why Do You Ask?" Said Peter.

He had told Peter that he didn't know just where the home of Rattles was because it was none of his business, and that if he had known he wouldn't have told Peter because it was none of Peter's business. This was quite true, but I suspect that it made Peter all the more anxious to find that home. Peter is always interested in the affairs of other folks. He just cannot seem to help it. So he made up his mind to find the home of Rattles if it took him all Summer. He began to suspect that it might. Hunting for a particular hole in the ground without any idea where it was likely to be was a good deal like hunting for a needle in a haystack. You see, there are so many holes in the ground, some in the Green Forest, some in the Green Meadows, some in the Old Orchard, some in the Old Pasture, some along the Laughing Brook, some around the Smiling Pool, and, though he had never been there, he suspected that there were some along the Big River.

First Peter sat down and tried to remember all the holes of which he knew, and he knew of a great many. You know he makes use of holes to escape from his enemies, and so he makes it his business to know about all the holes where he is in the habit of going.

"It must be a hole that someone else has dug," thought Peter, "because however could a bird with such little feet as Rattles the Kingfisher has dig a hole? Of course it isn't a hole that anyone else is using, so it must be an old hole. I'll go visit all the old holes I know of."

Off he started, lippety-lippety-lip, to visit all the old holes he could remember on the Green Meadows and in the Green Forest. He didn't once stop to think that never had he seen Rattles on the Green Meadows or in the Green Forest, except along the Laughing Brook. If he had he would have saved himself a lot of trouble. But Peter is that way; he thinks of only one thing at a time. Just then it was holes in the ground. So he pretty nearly ran his legs off visiting all those old holes. Finally he just had to sit down and rest. He was tired and he was discouraged, but he was just as curious as ever, and he had no idea of giving up. Jimmy Skunk happened along just then. Although Peter didn't know it, Jimmy had been watching him for some time.

"Lost something?" inquired Jimmy.

Peter looked at Jimmy with such a look of surprise that Jimmy laughed right out. "No, I haven't lost anything. Why do you ask?" said Peter.

"You have been running about as if you were trying to find something, and so I thought you must have lost something," replied Jimmy, who didn't think anything of the kind, but said it just to find out what Peter would say.

For a few minutes Peter said nothing. He fairly ached to ask Jimmy if he knew where the home of Rattles was, but he was a little ashamed to. He knew that the chances were that Jimmy would tell him that it was none of his business. But at last he decided to risk it.

"I've heard," said he, "that Rattles the Kingfisher makes his home in a hole in the ground, and it seems such a funny thing for a bird to do that I have been visiting all the old holes I know of just to see if it is true, but I haven't found it yet. You don't happen to know where his home is, do you, Jimmy?"

"No," replied Jimmy, "and I don't want to know. But if I did I wouldn't spend my time on the Green Meadows or in the Green Forest. I'd look around those places where Rattles is most often seen. Did you ever see him very far from water?"

"No," confessed Peter; "I hadn't thought of that."

"Well, think about it now," replied Jimmy Skunk, and went on about his business.

# What Today Means

**TAURUS.**

If May 5 is your birthday, the best hours for you on this date are from 9:15 to 11:15 a.m., from 1:15 to 3:15 p.m. and from 7:15 to 9:15 p.m. The danger periods are from 7:15 to 9:15 a.m., from 5:15 to 7:15 p.m. and from 9:15 to 11:15 p.m.

It will be entirely up to you to start this day right by putting your right foot forward and resolving that you will let nothing interfere with your attending to whatever you have to do. The bane of the average person this date will be the type of individual who not only fritters their own time away but has no regard for anyone else's. It should be a pleasure and not an embarrassment for you to put inconsiderate people in their place by making them understand that you have something else to do besides entertaining them. This is a time when it will not pay to hesitate to tell the truth, the whole truth and nothing but the truth, regardless of consequences, unless it would be the means of making some innocent person unhappy by having something revealed that they are blissfully ignorant about, especially if they are married, engaged or in the midst of a courtship.

If a woman and May 5 is your birthday you must never permit yourself to become fanatical on any subject if you wish to remain popular with your friends. You should make it a rule to hold steadfast to your convictions but never try to force them on anyone else. Be careful not to let anyone play upon your sympathy to the extent that you become foolishly over-indulgent in letting them pursue a wrong course. You ought to be fully capable of analyzing any situation and reaching a wise conclusion. Through activity as an interior decorator, milliner, modiste, secretary, expert stenographer, public official, teacher, writer, business manager, saleslady, writer, reporter, actress, singer, musician, doctor, lawyer, scientific research worker, or through work of a patriotic nature, you ought to find yourself embarked upon a successful and prosperous career. Auspicious conditions appear to surround your matrimonial future.

The child born on May 5 is apt to develop decided histrionic ability, as well as a talent for some kind of work of an artistic nature. Children born on this date are likely to be fairly studious, athletically inclined and keenly interested in social activities. Ambition usually spurs Taurian children on until they attain their objective in life.

If a man and May 5 is your natal day, you are apt to be remarkably unselfish, very generous, and a hard-working, ambitious man. Consistently good work should get you splendid results, especially if you are a participant in this global war, a physician, jurist, clergyman, political leader, editor, journalist, author, engineer, inventor, chemist, manufacturer, business executive, sales representative, educator, scientist, agriculturist, horticulturist, architect, actor, musician, artist or skilled mechanic.

# How It Started

By JEAN NEWTON

**RAYON—NO WAR BABY**

No war baby is rayon; it is simply a comparatively new name for an old idea.

Almost 300 years ago an English physicist, Robert Hooke, explored the idea of the production of artificial silk.

There were other pioneering scientists of note, prominent among them being the Frenchmen Rene Reaumur and Georges Audemars.

By the end of the 19th century, the line of solution of the problems involved was clearly indicated; beginning with Hilaire Chardonnet in France in 1884, chemists and others were beginning to achieve a product which, ever increasingly, was embodying the qualities of the natural commodity.

Fifty years later such strides had been made that a name was desired for this new fibre.

Glos was suggested, but did not take; or, as The Draper's Record of June 14, 1924, wrote: "Glos having been killed by ridicule, the National Retail Dry Goods Association of America has made another effort to produce a suitable name for artificial silk. This time their choice has fallen on rayon."

Rayon, suggesting beam or light, caught on and held; soon it was adopted officially, not only by its sponsor, the National Retail Dry Goods Association, but by other trade associations, federal agencies, the public and finally the lexicon.

## Bureau Disappointed Over Broadcast

Disappointment of Jack Benny's Victoria fans over his failure to mention his reception in the capital city and at Government House on his broadcast last Sunday was expressed in a letter sent Mr. Benny by the Victoria and Island Publicity Bureau the day after the broadcast.

The letter which George I. Warren, commissioner of the bureau, wrote follows:

"Dear Mr. Benny:

"Many thousands of residents of British Columbia appreciate your kindness in visiting this great Western province of Canada in the interest of the Victory Loan campaign which we are confident will go over the top.

"Tens of thousands of people in Victoria were pleased that you were able to visit the capital city of the province. This was evidenced by the outpouring of our citizens to Macdonald Park to hear and see you and your party on Wednesday last.

"We were sorry that your visit to this city was curtailed to one day, and appreciate the fact that Mrs. Benny's former residence and affiliations at Vancouver have endeared her to that great city, however, we had hoped that the name of Victoria would have at least been mentioned in one of your broadcasts made in the Pacific Northwest.

"Many of your admiring fans, resident in this city, listened with much interest to the broadcast that you made from Bremerton yesterday, and needless to say, most of them were disappointed when they heard several references made of the boat trip from Vancouver to Seattle.

"Today, this office has received over 20 telephone calls asking for information as to why Victoria was overlooked by you and by the members of your cast, and I am writing on their behalf to ask if you will be good enough, if possible, to make mention of your visit to Victoria when you are broadcasting next week from Whidby Island.

"I sincerely trust that you will give this request your favorable consideration."

Mr. Benny's references to the boat trip from "Vancouver to Seattle" sounded odd to Victorians who knew that the radio troupe had voyaged from Victoria to Seattle.

## Fruitless Visit For Doukhobors

Four Kootenay Doukhobors who yesterday asked Hon. R. L. Maitland, Attorney-General, to release 13 of their sect now in Oakalla Jail for disrobing in public at Nelson, and to release another man serving life on an arson charge, received an equivocal answer. Mr. Maitland told them: "As far as I am concerned the people of this province will obey the laws or take the consequences." He also said that in his opinion as far as males were concerned whipping should be added to the penalty for public disrobing.

The delegation, with Russel Vereggin as spokesman and including Pete Kolodinin, Pete Rezansoff and Alex Legebokoff, arrived on the night boat from Vancouver, where they formed part of a group of 30 demonstrators who appealed to Mr. Justice Manson, of the Mobilization Board.

At the Legislative Buildings, when they were unable to produce the national registration cards customarily requested by the doorman from all visitors, they were refused admission, but they were admitted afterward when an officer of the Attorney-General's department vouched for them. He also escorted them from the building.

During their ten-minute interview, the Attorney-General told them the Minister of Justice at Ottawa had full jurisdiction as far as their request was concerned. They quoted frequently from pocket Bibles while talking with Mr. Maitland.

## *Bargaining Rights*

More than 60 applications for collective bargaining rights and for settlement of disputes are now in the hands of Hon. George S. Pearson, Minister of Labor, as administrator of the new Federal Labor Code in the province.

The minister stated the Labor Department would be overburdened for a few days dealing with these applications, and said there might be a little delay in handling them. The office staff has been increased to speed the work.

Barrie Coult, secretary-registrar under the Province's Industrial Conciliation and Arbitration Act, is in charge. The code replaces the act during the war. Mr. Coult's offices have been moved from the Department of Labor building at Government and Superior Streets to a remodeled house on Michigan Street.

## *New Incorporations*

Company incorporations at the Legislative Buildings this week included two new Victoria firms—Zeno Holding Co., Ltd., 723 Fort Street, capitalized at $90,000, and Stobart Building, Ltd., 745 Yates Street, capitalized at $50,000. Subscribers to Zeno Holding were Dr. H. J. Wasson, Mrs. Wasson and J. Howard Harman. In the case of Stobart Building, Ltd., subscribers were A. L. Sangster and Gladys M. Townsend.

Seven other companies incorporated during the week were: Burrard Industries, Ltd., Vancouver, capitalization $50,000; Sidnam., Ltd., Vancouver, $25,000; Traders' Freight Traffic, Ltd., Vancouver, $10,000; Devon Holdings, Ltd., Vancouver, 100 shares of no par value; Mafine Fitments, Ltd., Vancouver, $50,000; Cranberry Grocery, Ltd., Vancouver, $25,000; Gillands Dehydrated Foods, Ltd., Haney, $25,000.

## Reaches 107 Years

GEORGE LARAMEE

Who today is celebrating what he claims is his 107th birthday. Mr. Laramee resides with Mr. and Mrs. John T. Jones at 1016 Bewdley Avenue, Esquimalt. The aged resident states he was born in a village near Montreal on May 5, 1837, and first visited Victoria in 1867. During his long life he has been a miner, prospector and logger in Canada, the Yukon and the United States. Mr. Laramee says he served under General U. S. Grant during the Civil War, and fought for four years as a member of the 17th Wisconsin Regiment. He is still able to work in the garden, read and enjoy a pipe and cigar.

## May Place Boys' School at Sooke

With a view to selecting a site for the projected new boys' industrial school, officials are now examining Government property on Vancouver Island, Hon. George S. Pearson, Provincial Secretary, revealed yesterday. It is possible it may be located in the Sooke district. The building would cost about $250,000, and house 100 boys.

Mr. Pearson announced when the Legislature was in session that a new site would be found. The present building at Essondale, when vacated, will become an addition to the Home for the Aged.

Salt Spring Island was mentioned as a possibility for the new school, but it was preferred to have it handy to a large centre so that full medical and educational facilities would be available.

A site is also being sought for a new tuberculosis hospital of 200 beds in the vicinity of Vancouver. Desire to have it in that area so that part-time services of medical specialists can be obtained, has offset requests from the Interior for a tuberculosis hospital in that section of the province.

### CIVIL DEFENCE MEETING

The meeting of Controllers' and Chief Wardens Association of Civil Defence will be held tonight at the Empress Hotel at 7:30 o'clock instead of at 7 o'clock as previously announced. Capt. E. D. W. Levien, Saanich Civil Defence, made the correction yesterday.

### RE-ELECTED AS TRUSTEE

W. H. "Bill" Cox, chairman of the social committee, was Wednesday night re-elected a member of the board of trustees of the Fraternal Order of Eagles, Victoria Aerie No. 12, for a further period of three years.

## Modern Medicine Fights Disease

"If we had modern science without modern medicine the civilized world would end because disease would be transmitted from place to place with our modern transportation. The only thing that saved the entire world from ravages of the black plague was the lack of transportation," Dr. W. A. Trenholme told the Lions Club at a luncheon meeting yesterday in Spencer's dining-room.

Most advances made in the 20th century, he said, in his talk on "Devils, Drugs and Doctors," had been made in the field of drugs. Chiefly these were insulin which saved thousands of diabetics, liver extract which gave life to those suffering from anaemia, sulfanilamides used to combat many different diseases, and the wonder drug penicillin.

The sulfa drugs, manufactured in Germany, had been carefully hidden by drug cartels, and penicillin, he stated, was still very hard to get outside the armed forces. It was a most amazing drug, with almost miraculous powers in some cases of infection. Penicillin was made from mold. Drugs added to diagnostic skill, public health awareness, scientific nursing and better diet and hygiene generally made the world a better place to live in.

Dr. Trenholme reviewed the history of medicine from the earliest days. Reliance was first placed on witch doctors and atrocious mixtures or herbs. Theologians next undertook to cure disease, often by trephining the skull "to let out the devil."

Saracen surgeons were next, and then came Hippocrates, the first real doctor, whose teachings remained authoritative until the 19th century. The religious intolerance of Dark Ages with its prayers and incantations instead of medicine had left much superstition in the minds of many even today. Faith healers still prospered among some, but they had their place in treating the functional illnesses, which were chiefly in the mind, Dr. Trenholme stated.

## Navy Day for Loan Tomorrow

Tomorrow the Royal Canadian Navy will be featured at the View Street Victory Loan review station on View Street. There will be no parade, but truck loads of naval equipment will be on display and during the afternoon the band of the R.C.N.V.R., under Bandmaster Sunderland, will be in attendance.

The band performance will be broadcast from 3 to 3:30 o'clock over Station CJVI, and during an intermission occasion will be taken to present War Bond prizes donated by B.C. Cement Company for the best window loan displays. Duncan MacBride, chairman of the publicity committee, will present the awards.

Tom Morris, able seaman, who has seen action with the Royal Navy off Crete and who was on board one of the two vessels to which the Italian navy capitulated, will be interviewed during the afternoon by Captain H. R. Lumby. Morris witnessed the landing of Canadian troops in Sicily.

The display will be in position about 2 o'clock and the band concert will be in progress between 2:30 and 4:30 o'clock. Naval ratings will be in attendance to explain details of the equipment to interested spectators.

Simmons to proceed in an open car to the City Hall where Mayor Andrew McGavin will make the presentation and Lt.-Cmdr. Simmons will give a short address.

## Socialism Will Impede Progress

Socialism will obstruct industry and break down the high standard of living which Canadians have created for themselves through long years of effort, G. Hamilton Harman, newly-elected president of the Chamber of Commerce warned members in a letter sent to directors this week.

"I feel I should tell you in all frankness that, for my part, I am strongly opposed to any form of Socialism that will curb personal initiative, individual enterprise and will destroy personal freedom," his letter states.

"Victoria, like the rest of Canada, may be confronted with many difficult problems during the next few years, but of course paramount are the activities of the Chamber of Commerce in all matters connected with winning the war.

"Among the many matters which will call for our earnest consideration and assistance are the following: postwar planning, civic rehabilitation and reconstruction, development of the Port of Victoria, transportation matters, postwar incoming tourist travel and continued co-operation with the City of Victoria and neighboring municipalities."

Heavier responsibilities and relative expenses would necessitate widening the connection of the Chamber of Commerce and enrolment of new members, Mr. Harman said, urging that all members endeavour to interest non-members. The whole-hearted help of all the directors would be needed to continue the valuable work the Chamber of Commerce had carried on in the past, he stated in conclusion.

## *Deposits Increase*

OTTAWA, May 4 (CP).—Dominion Government deposits decreased $29,161,000 to $30,293,000 during the week ended May 3, the Bank of Canada reported today in its weekly financial statement.

Chartered bank deposits decreased $14,152,000 to $373,370,000, while notes in circulation increased $4,596,000 to $918,364,000.

## Vancouver Forecast

Moderate winds increasing to fresh. Fair with not much change in temperature.

LONDON, May 4 (C.P.-Reuter's).—Many of Britain's postwar civil air liners will land on "caterpillar tracks" like those of big tanks instead of the orthodox undercarriage with rubber-tired wheels. The main advantage of the caterpillar landing gear is that aircraft with heavier loads can be operated from land bases because of the increased contact with the ground.

# Track Team To Workout

## Y.M.C.A. to Hold Initial Session

Anyone interested in running or jumping is cordially invited to attend the opening workout of the Flying "Y" track squad on Saturday afternoon at the Victoria High School grounds, Fernwood Road.

this year as practically all the senior members are in the armed forces. The junior members held the "Y" colors very high last year and expect to do even better this year. A few of the boys who will be turning out this year are Ronnie Dalziel, Spike Dalziel, Jack Rowe, Richard Rowe, Jim McKellar. The girls will build their team around the two juniors of last year, Jeanne House and Elaine Silburn.

The "Y" team have received an invitation to run in the big boilermakers' meet at Vancouver on May 24. They have lined up a fine programme of events for junior boys and girls. Open events and many events for men and women in uniform are listed. Entry blanks may be secured from Archie McKinnon at the "Y."

Any high school boy or girl can turn out to the workouts whether they are members of the Y.M.C.A. or not, Coach McKinnon announced.

Many of the youths belonging to the team will be working at odd jobs, so a three-day-a-week schedule has been arranged. Tuesday and Thursday evenings at 6:30 and Saturday afternoon at 2:30. If weather conditions are bad the team can always work out on the indoor track at the Y.M.C.A.

# Sport Shorts From Britain

By ALLAN NICKLESON
Canadian Press Staff Writer

LONDON, May 4.—From down sunny Cairo way comes word that Cpl. Don McDiarmid, of Ottawa, who won the Canadian singles tennis title in 1940, lost out in the quarter-finals of a crack open tournament in that city.

McDiarmid, on the staff of the R.C.A.F. base postoffice at Middle East Headquarters, was beaten 6-2, 7-5, by M. Talaat, a smooth volleyer not further identified. In the previous round the Canadian ace trounced the Palestine champion, J. Finkelkraut, in straight sets.

News of the tourney came from Sqdn. Ldr. John Clare, Air Force Public Relations officer in that theatre and former Toronto and Western Canada newspaperman. He said that so conspicuous was the all-Canadian section in the stands at the Tewfilkieh Tennis Club when McDiarmid played that one Cairo newspaper observed that "half of Canada" seemed to be present to see the former Dominion King clash with the best in the Middle East.

The squadron medical officer paces the sidelines when playful (?) members of the City of Edmonton Mosquito Intruder Squadron engage in little bouts of mayhem with a Rugby ball at their English base.

It's a weird form of Rugby that occurs almost nightly on a field about one-tenth the size of a regulation gridiron. There are no picked teams, a minimum of rules, and anyone joining the fray takes a position on whatever side appears to have the least players. One of the hooters of the Intruders, who, incidentally, have been doing mighty well in the air, is F.O. Doug Miller, of Vancouver, while F.O. Paddy Roberts, of Saskatoon, Sask., has a neat pass.

# Pilots "Dig In"

Scanning the skies for enemy planes, Lieut. George Scheoneck, of Little Rock, Ark., hurriedly digs a foxhole with Lieut. Gerald Priebe, of St. Paul, Minn. (right). The officers had just landed their Piper Cub on the Anzio beachhead, under shellfire.

## *Case Is Settled*

LOS ANGELES, May 4 (AP).—Shortly before Mrs. Lorraine Hardwig was scheduled to take the witness stand today in her suit for $500,000 damages against a hospital which she charged gave her a baby girl instead of the son she claimed was born to her, the case was settled.

Both Mrs. Hardwig and her husband, Harry J. Hardwig, declined to say whether they now believe the ten-month-old baby girl she took home from the hospital is their own child.

Initial use of air-borne incendiaries was by a German Zeppelin in 1915.

## *Rhododendron Expert Passes at Ucluelet*

George Fraser, 90, retired horticulturist who came from Scotland to British Columbia 60 years ago and after a period here went to Ucluelet nearly 50 years ago, died yesterday at Ucluelet.

He was born at Morayshire, Scotland. In Victoria he organized a horticulture business, he and his partners worked at the laying-out of Beacon Hill Park in the 90's. Before going to Ucluelet he operated a large farm in the Mount Tolmie district.

At Ucluelet he raised rhododendrons and heather, and developed several new varieties of rhododendron, including some 15 to 20 feet high. He was an invalid for the past 15 years. Mrs. W. B. Fraser, Ucluelet, is a relative by marriage.

The roselle plant, used for a jute substitute, has been known to grow two inches a day.
